

Online Safety Policy

EYFS: 3.4-3.7

Our nursery is aware of the growth of internet use and the advantages this can bring. However, it is also aware of the dangers and strives to support children, staff and families in using the internet safely.

Keeping Children Safe in Education states *“The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:*

- ✓ *content: being exposed to illegal, inappropriate or harmful material;*
- ✓ *contact: being subjected to harmful online interaction with other users; and*
- ✓ *conduct: personal online behaviour that increases the likelihood of, or causes, harm.”*

The Designated Safeguarding Lead is ultimately responsible for online safety concerns. All concerns need to be raised as soon as possible to **Emma Smith**.

Within the nursery we aim to keep children (and staff) safe online by:

- Ensuring we have appropriate antivirus and anti-spyware software on all devices and update them regularly
- Ensuring content blockers and filters are on all our devices, e.g. computers, laptops and any mobile devices
- Keeping passwords safe and secure, not sharing or writing these down. These will be changed at least every term to keep the devices secure
- Ensure management monitor all internet activities in the setting
- Ensuring no social media or messaging apps are installed on nursery devices
- Management reviewing all apps or games downloaded to tablets to ensure all are age appropriate for children and safeguard the children and staff
- Using approved devices to record/photograph in the setting
- Never emailing personal or financial information
- Reporting emails with inappropriate content to the internet watch foundation (IWF www.iwf.org.uk)
- Ensuring children are supervised when using internet devices
- Integrating online safety into nursery daily practice by discussing computer usage ‘rules’ deciding together what is safe and what is not safe to do online
- Talking to children about ‘stranger danger’ and deciding who is a stranger and who is not, comparing people in real life situations to online ‘friends’
- We abide by an acceptable use policy; ensuring staff only use the work IT equipment for matters relating to the children and their education and care. No personal use will be tolerated
- Under no circumstances should any member of staff, either at work or in any other place, make, deliberately download, possess, or distribute material they know to be illegal, for example child sexual abuse material
- Children’s screen time is monitored to ensure they remain safe online and have access to material that promotes their development. We will ensure that

their screen time is within an acceptable level and is integrated within their programme of learning

- The nursery is aware of the need to manage our digital reputation, including the appropriateness of information and content that we post online, both professionally and personally. This is continually monitored by the setting's management.

All electronic communications between staff and parents should be professional and take place via the official nursery communication channels, e.g. the setting's email addresses and telephone numbers. This is to protect staff, children and parents.

If any concerns arise relating to online safety then we will follow our safeguarding policy and report all online safety concerns to the DSL.

The DSL will make sure that:

- All staff know how to report a problem and when to escalate a concern, including the process for external referral if they feel it is needed
- All concerns are logged, assessed and actioned upon using the Nursery's Safeguarding procedure
- The Professionals Online Safety Helpline (0344 381 4772 or helpline@saferinternet.org.uk) is shared with all staff and used if any concerns arise
- Refer to <https://www.gov.uk/government/publications/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-considerations/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-considerations-for-managers> to ensure all requirements are met in order to keep children and staff safe online
- Share <https://www.gov.uk/government/publications/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-considerations/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-guidance-for-practitioners> with the wider team to help them to keep themselves safe online, both personally and professionally

Screen time policy

At our nursery screen time is not promoted and not the first choice for supporting learning and development of children, however we recognize that the use of screens and media is helpful to support children's learning and development in certain areas and subjects. We live in times when children cannot escape exposure to screen media and we wish to be able to teach children how to responsibly and sensibly use their screen time.

At the nursery we wish to explain children that there is a limit to the time we are screens. Motion pictures and screen media have also some good quality content that can support learning and other arts and crafts activities that we run at the nursery. Screen media content can support the development of children in areas of personal social emotional development by engaging in making friends and managing emotions, it also encourages a lot of communication and language development and helps children make conversations with their peers.

Children also start to role-play and enact what they watch and lead to the development of expression and understanding of the world. While at the same time we do not wish to spend a lot of the time of children at the nursery on screens. We recognize that children at home do use screens and therefore at the nursery we wish for children to spend time in other activities that do not involve screen time. We therefore do not intend to use screen time at the nursery for long duration and monitor responsible use of screen time in our daily routines.

Overall, our limits that we wish to observe at the nursery are:-

- Children on the under 2 floor should have no screen time. We recommend the same for home.
- Children aged 2 to 5 at the nursery will have a limit of 1 hour over a 10-hour day, with the maximum time in each sitting being 20minutes. This tends to be used for tidy up time to wipe down for lunch/ food times throughout the day.
- We will only use tablets in rare situations, such as to help a child settle or calm them down.
- We will only use CBeebies during our sit-down screen time.
- You Tube will be used for selective songs, dance and movement sessions and education content only.

Intimate Care

EYFS: 3.1, 3.6, 3.27 3.20 3.64

At **Little Acorns Childcare** we believe that all children need contact with familiar, consistent carers to ensure they can grow and develop socially and emotionally. At times children need to be cuddled, encouraged, held and offered physical reassurance.

Intimate care routines are essential throughout the day to meet children's basic needs. This may include nappy changing, supporting children with toileting, changing clothes, and giving first aid treatment and specialist medical support, where required.

In order to maintain the child's privacy, we will carry out the majority of these actions on a one-to-one basis, wherever possible, by the child's key person with the exception of first aid treatment which must be carried out by a qualified first aider.

We wish to ensure the safety and welfare of children during intimate care routines and safeguard them against any potential harm as well as ensuring the staff member involved is fully supported and able to perform their duties safely and confidently. We aim to support all parties through the following actions:

- Promoting consistent and caring relationships through the key person system in the nursery and ensuring all parents understand how this works
- Ensuring all staff undertaking intimate care routines have suitable enhanced DBS checks
- Training all staff in the appropriate methods for intimate care routines and arranging specialist training where required, i.e. first aid training, specialist medical support
- Ensuring children are afforded privacy during intimate care routines whilst balancing this with the need to safeguard children and staff. No nappies will be changed or intimate routines take place behind closed doors
- Conducting thorough inductions for all new staff to ensure they are fully aware of all nursery procedures relating to intimate care routines
- Following up procedures through supervision meetings and appraisals to identify any areas for development or further training
- Working closely with parents on all aspects of the child's care and education as laid out in the Parent and Carers as Partners Policy. This is essential for intimate care routines which require specialist training or support. If a child requires specific support the nursery will arrange a meeting with the parent to discover all the relevant information relating to this to enable the staff to care for the child fully and meet their individual needs
- Ensuring all staff have an up-to-date understanding of safeguarding/child protection and how to protect children from harm. This will include identifying signs and symptoms of abuse and how to raise these concerns as set out in the safeguarding/child protection policy

- Operating a whistleblowing policy to help staff raise any concerns about their peers or managers; and helping staff develop confidence in raising worries as they arise in order to safeguard the children in the nursery
- Conducting working practice observations on all aspects of nursery operations to ensure that procedures are working in practice and all children are supported fully by the staff. This includes intimate care routines
- Conducting regular risk assessments on all aspects of the nursery operation including intimate care and reviewing the safeguards in place. The nursery has assessed all the risks relating to intimate care routines and has placed appropriate safeguards in place to ensure the safety of all involved.

If any parent or member of staff has concerns or questions about intimate care procedures or individual routines, please see the manager at the earliest opportunity.

Mobile Phone and Electronic Device Use

EYFS: 2.1 & 3.4

This policy refers to all electronic devices able to take pictures, record videos, send or receive calls and messages. This includes cameras, mobile telephones, tablets and any recording devices including smartwatches. More and more devices are technically, capable of connecting us to the outside world. We will adapt the policy to include all devices we deem required to safeguard children.

Mobile phones and other devices that accept calls, messages and video calling

At **Little Acorns Childcare** we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the nursery receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones or electronic devices that receive calls and message (bar management).

We use mobile phones supplied by the nursery to provide a means of contact in certain circumstances, such as outings. All management use a work mobile phone to use class dojo.

This policy should be used in conjunction with our online safety policy to ensure children are kept safe when using the nursery devices online

Staff must adhere to the following:

- Mobile phones/smartwatches/fitbits are either turned off or on silent and not accessed during your working hours
- Mobile phones/smartwatches/fitbits can only be used on a designated break or with permission of management and then this must be away from the children
- Management must know where all staff phones are whilst in the setting, we have a tin on each floor to store these in. Then they are put in a drawer or cupboard.
- The use of nursery devices, such as tablets, must only be used for nursery purposes
- The nursery devices will not have any social media or messaging apps on them
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age appropriate and safe apps will be accessible to staff or children using them
- Passwords / passcodes for nursery devices must not be shared or written down
- During outings, staff will use mobile phones belonging to the nursery wherever possible. Photographs must not be taken of the children on any personal phones or any other personal information storage device. Only nursery owned devices will be used to take photographs or film videos

- Nursery devices will not be taken home with staff and will remain secure at the setting when not in use. If a device is needed to be taken home due to unforeseen circumstances then the person taking this device home must ensure it is securely stored and not accessed by another other individual and returned to nursery as soon as practically possible

Parents' and visitors' use of mobile phones and smartwatches

Whilst we recognise that there may be emergency situations which necessitate the use of a mobile telephone, in order to ensure the safety and welfare of children in our care and share information about the child's day. However parents and visitors are kindly asked to refrain from using their mobile telephones whilst in the nursery or when collecting or dropping off their children.

If you are found to be using your phone inside the nursery premises you will be asked to finish the call or take the call outside.

We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child.

Photographs and videos

At **Little Acorns Childcare** we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or recordings taken of children in our nursery are only done with prior written permission from each child's parent and only share photos with parents in a secure manner.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey; for display purposes; for promotion materials including our nursery website, brochure and the local press. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own information storage devices e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the nursery. The nursery manager will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded.

Photographs or videos recorded on nursery mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices.

Parents, and children, are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the nursery premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.

<i>Sept 2019</i>		<i>Jan 2028</i>

Monitoring Staff Behaviour Policy

EYFS: 3.4-3.18, 3.19, 3.21, 3.22

At **Little Acorns Childcare** we take the safety and welfare of our children and staff seriously. This policy ensures staff behave in an appropriate manner to act as a role model for and protect all children in their care. Within this policy we will also ensure that any changes to staff behaviours or ways of working are closely monitored, discussed and supported to ensure all children are safeguarded throughout their time here.

Expected staff behaviour

Within our nursery we expect our staff to:

- Put our children first. Their safety, welfare and ongoing development is the most important part of their role
- Behave as a positive role model for the children in their care by remaining professional at all times and demonstrating caring attitudes to all
- Work as part of the wider team, cohesively and openly
- Be aware of their requirements under the EYFS Statutory Framework and the nursery policies and procedures designed to keep children safe from harm whilst teaching children and supporting their early development
- React appropriately to any safeguarding concerns quickly and concisely in accordance to the nursery / local authority procedures and training received
- Not share any confidential information relating to the children, nursery or families using the facility
- Maintain the public image of the nursery and do nothing that will pull the setting into disrepute
- Ensure that parental relationships are professional and external social relationships are not forged. If a relationship exists prior to the child starting at the setting, discussions with management will be held to ensure the relationship remains professional.
- Adhere to the Mobile Phone and Other Electronic Device and Social Networking policy
- Report to management immediately any changes in personal life that may impact on the ability to continue the role. These may include (but not limited to) changes in police record, medication, any social service involvement with their own children.

Monitoring staff behaviour

Within the nursery we:

- Conduct regular peer observations using all staff and management, during which we will look at interactions with children and their peers
- Have regular supervisions with all staff in which ongoing suitability will be monitored and recorded
- Use a whistleblowing policy that enables team members to discuss confidentially any concerns about their colleagues

- Operate staff suitability forms and clauses in staff contracts to ensure any changes to their suitability to work with children are reported immediately to management
- Ensure all new staff members are deemed suitable with the appropriate checks as detailed in the safeguarding policy.

Some behaviours that may cause concern and will be investigated further:

- Change in moods
- Sudden change in religious beliefs / cultural beliefs (may be a sign of radicalisation)
- Changes in the way of acting towards the children or the other members of the team (becoming more friendly and close, isolation, avoidance, agitation etc.)
- Sudden outbursts
- Becoming withdrawn
- Secretive behaviours
- Missing shifts, calling in sick more often, coming in late
- Standards in work slipping
- Extreme changes in appearance.

Procedures to be followed:

If we have a concern about changes in staff behaviour within the nursery, an immediate meeting will be called with the individual and a member of management to ascertain how the person is feeling. We will aim to support the staff wherever possible and will put support mechanisms in place where appropriate.

Ultimately, we are here to ensure all staff can continue to work with the children as long as they are suitable to do so. If any behaviours cause concern about the safety or welfare of the children or in the case of allegations against a team member, the child protection/safeguarding policy will be followed and the Local Authority Designated officer (LADO) will be called.

All conversations, observations and notes on the staff member will be logged and kept confidential.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Lone Working Policy

EYFS: 3.4-3.18, 3.19, 3.21, 3.22

At Little Acorns Childcare we aim to ensure that no member of the team is left alone working in the building. Most rooms have a minimum of two staff members but there are times where staff may be working with children on their own for a short amount of time. Examples of this:

- Intervention groups
- Pre school sessions (5/6 children)
- Toilet breaks
- Lunch cover
- Nappy changes
- Comforting a child that may be unwell in a quiet area
- Following a child's interest, as this may lead staff away with a child to explore an area
- Supporting children in the toilet area
- The duties some team members have, e.g. management, opening and closing the setting, carrying out cleaning or maintenance at the settings and staff operating outside operating hours. We always ensure that legal staff:child ratios are maintained.

It is the responsibility of both the employee and Manager to identify the hazards and minimise the risks of working alone. Considerations when deciding on lone working include how lone workers manage with a variety of tasks such as talking to parents and supervising activities whilst maintaining the safety and welfare of children and ensuring that each member of staff required to work alone has the training and/or skills for the role; e.g. paediatric first aid certificate, child protection/safeguarding training and competency, food hygiene training and if children younger than school reception age are present; hold a level 3 qualification. Public liability insurance for lone working will be sought where applicable.

Employees/managers' responsibilities when left in a room alone include ensuring:

- To complete a risk assessment for staff working alone
- Ratios are maintained
- There is someone to call on in an emergency if required
- The member of staff and children are safeguarded at all times (relating to additional policies as above).

Employee's responsibilities when left in the building alone:

- To make a member of the management aware of when they are working and make plans to check in at their expected time of completion of the work
- To ensure they have access to a telephone at all times in order to call for help if they need it, or for management to check their safety if they are concerned
 - Report any concerns for working alone to the management as soon as is practicably possible.

Management's responsibilities when left in the building alone:

- To ensure staff working alone are competent and confident to carry out any safety procedures e.g. fire evacuation
- To ensure that the employee has the ability to contact them or a member of the team even if their lone working is outside normal office hours (i.e. access to a phone, contact numbers of someone they can call)
- To check that the employee has someone they can contact in the event of an emergency, and the numbers to call
- To ensure that employees have the ability to access a telephone whilst lone working
- If reporting in arrangements have been made and the employee does not call in, to follow it up.

Risk assessments are also completed for these occasions including hazards and risks and how these are controlled.

Inclusion and Equality

EYFS: 1.6, 1.7, 2.3, 3.20, 3.27, 3.28, 3.67, 3.73
--

Statement of intent

At **Little Acorns Childcare** we take great care to treat each individual as a person in their own right, with equal rights and responsibilities to any other individual, whether they are an adult or a child. We are committed to providing equality of opportunity and anti-discriminatory practice for all children and families according to their individual needs. Discrimination on the grounds of gender, age, race, religion or belief, marriage or civil partnership, disability, sexual orientation, gender reassignment, pregnancy or maternity, ethnic or national origin, or political belief has no place within our nursery.

A commitment to implementing our inclusion and equality policy will form part of each employee's job description. Should anyone believe that this policy is not being upheld, it is their duty to report the matter to the attention of the Emma Smith or Louise Mullen at the earliest opportunity. Appropriate steps will then be taken to investigate the matter and if such concerns are well-founded, disciplinary action will be invoked under the nursery's disciplinary policy.

The legal framework for this policy is based on:

- Special Education Needs and Disabilities Code of Practice 2015
- Children and Families Act 2014
- Equality Act 2010
- Childcare Act 2006
- Children Act 2004
- Care Standards Act 2002
- Special Educational Needs and Disability Act 2001.

The nursery and staff are committed to:

- Recruiting, selecting, training and promoting individuals on the basis of occupational skills requirements. In this respect, the nursery will ensure that no job applicant or employee will receive less favourable treatment because of age, sex, gender reassignment, disability, marriage or civil partnership, race, religion or belief, sexual orientation, pregnancy or maternity/paternity
- Providing a childcare place, wherever possible, for children who may have learning difficulties and/or disabilities or are deemed disadvantaged according to their individual circumstances, and the nursery's ability to provide the necessary standard of care
- Making reasonable adjustments for children with special educational needs and disabilities
- Striving to promote equal access to services and projects by taking practical steps (wherever possible and reasonable), such as ensuring access to people

with additional needs and by producing materials in relevant languages and media for all children and their families

- Providing a secure environment in which all our children can flourish and all contributions are valued
- Including and valuing the contribution of all families to our understanding of equality, inclusion and diversity
- Providing positive non-stereotypical information
- Continually improving our knowledge and understanding of issues of equality, inclusion and diversity
- Regularly reviewing, monitoring and evaluating the effectiveness of inclusive practices to ensure they promote and value diversity and difference, and that the policy is effective and practices are non-discriminatory
- Making inclusion a thread which runs through the entirety of the nursery, for example, by encouraging positive role models through the use of toys, imaginary play and activities, promoting non-stereotypical images and language and challenging all discriminatory behaviour (see dealing with discriminatory behaviour policy).

Admissions/service provision

The nursery is accessible to all children and families in the local community and further afield through a comprehensive and inclusive admissions policy.

The nursery will strive to ensure that all services and projects are accessible and relevant to all groups and individuals in the community within targeted age groups.

Recruitment

Recruitment, promotion and other selection exercises such as redundancy selection will be conducted on the basis of merit, against objective criteria that avoid discrimination. Shortlisting should be done by more than one person if possible.

All members of the selection group will be committed to the inclusive practice set out in this policy and will have received appropriate training in this regard.

Application forms will be sent out along with a copy of the equal opportunities monitoring form. Application forms will not include questions that potentially discriminate on the grounds specified in the statement of intent.

Vacancies should generally be advertised to a diverse section of the labour market. Advertisements should avoid stereotyping or using wording that may discourage particular groups from applying.

At interview, no questions will be posed which potentially discriminate on the grounds specified in the statement of intent. All candidates will be asked the same questions and members of the selection group will not introduce nor use any personal knowledge of candidates acquired outside the selection process. Candidates will be given the opportunity to receive feedback on the reasons why they were not successful.

Under the Equality Act 2010 you can only ask questions prior to offering someone employment in the following circumstances:

- You need to establish whether the applicant will be able to comply with a requirement to undergo an assessment (i.e. an interview or selection test)
- You need to establish whether the applicant will be able to carry out a function that is intrinsic to the work concerned
- You want to monitor diversity in the range of people applying for work
- You want to take positive action towards a particular group – for example offering a guaranteed interview scheme
- You require someone with a particular disability because of an occupational requirement for the job.

The national College for Teaching and Leadership provides further guidance specific to working with children:

Providers have a responsibility to ensure that practitioners have the health and physical capacity to teach and will not put children and young people at risk of harm. The activities that a practitioner must be able to perform are set out in the Education (Health Standards England) Regulations 2003. Providers are responsible for ensuring that only practitioners who have the capacity to teach remain on the staff team.

People with disabilities or chronic illnesses may have the capacity to teach, just as those without disabilities or medical conditions may be unsuitable to teach. Further information on training to teach with a disability is available from the DfE website.

Successful applicants offered a position may be asked to complete a fitness questionnaire prior to commencing the programme. Providers should not ask all-encompassing health questions, but should ensure that they only ask targeted and relevant health-related questions, which are necessary to ensure that a person is able to teach.

Staff

It is the policy of **Little Acorns Childcare** not to discriminate in the treatment of individuals. All staff are expected to co-operate with the implementation, monitoring and improvement of this and other policies. All staff are expected to challenge language, actions, behaviours and attitudes which are oppressive or discriminatory on the grounds specified in this policy, and recognise and celebrate other cultures and traditions. All staff are expected to participate in equality and inclusion training.

Staff will follow the 'Dealing with Discriminatory Behaviour' policy where applicable to report any discriminatory behaviours observed.

Training

The nursery recognises the importance of training as a key factor in the implementation of an effective inclusion and equality policy. All new staff receive induction training including specific reference to the inclusion and equality policy.

Early learning framework

Early learning opportunities offered in the nursery encourage children to develop positive attitudes to people who are different from them. It encourages children to empathise with others and to begin to develop the skills of critical thinking.

We do this by:

- Making children feel valued and good about themselves
- Ensuring that all children have equal access to early learning and play opportunities
- Reflecting the widest possible range of communities in the choice of resources
- Avoiding stereotypical or derogatory images in the selection of materials
- Acknowledging and celebrating a wide range of religions, beliefs and festivals
- Creating an environment of mutual respect and empathy
- Helping children to understand that discriminatory behaviour and remarks are unacceptable
- Ensuring that all early learning opportunities offered are inclusive of children with learning difficulties and/or disabilities and children from disadvantaged backgrounds
- Ensuring that children whose first language is not English have full access to early learning opportunities and are supported in their learning
- Working in partnership with all families to ensure they understand the policy and challenge any discriminatory comments made
- Ensuring the medical, cultural and dietary needs of children are met
- Identifying a key person to each child who will continuously observe, assess and plan for children's learning and development
- Helping children to learn about a range of food and cultural approaches to meal times and to respect the differences among them.

Information and meetings

Information about the nursery, its activities and their children's development will be given in a variety of ways according to individual needs (written, verbal and translated), to ensure that all parents can access the information they need.

Wherever possible, meetings will be arranged to give all families options to attend and contribute their ideas about the running of the nursery.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Special Consideration for Employees

At **Little Acorns Childcare** we recognise that certain employees such as young persons, new and expectant mothers and persons with a disability may require special consideration.

Legal requirements

The nursery follows the legal requirements set out in The Management of Health and Safety at Work Regulations 1992 and the Equality Act 2010. Our Health and Safety Policy has regard to any employees requiring special consideration at the commencement of employment and during the course of it. The following procedure is followed.

Procedure

The nursery manager:

- Assesses any employee requiring special consideration in conjunction with the individual on induction to the nursery or when their condition or disablement comes to light
- Carries out any risks assessments relating to the occupation of such workers
- Agrees with the worker any necessary special measures such as training and supervision, arrangements, modifications and medical surveillance
- Carries out further assessments and reviews at least annually, or if and when any changes to the special circumstances or environment occur.

Disabilities

If you are disabled or become disabled, we encourage you to tell us about your condition so that we can consider what reasonable adjustments or support may be appropriate.

Part-time and fixed-term work

Part-time and fixed-term employees should be treated the same as comparable full-time or permanent employees and enjoy no less favourable terms and conditions (on a pro-rata basis where appropriate), unless different treatment is justified.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Special Educational Needs and Disabilities (SEND)

EYFS: 31.6, 1.7, 2.3, 2.5, 3.20, 3.27, 3.28, 3.67, 3.73
--

This policy has been created with regard to:

- The SEND Code Of Practice 2015
- Children and Families Act 2014 (Part 3)
- Equality Act 2010
- Working Together to Safeguard Children (2018)
- EYFS.

Special Educational Needs and Disability (SEND) code of practice.

The nursery has regard to the statutory guidance set out in the Special Educational Needs and Disability code of practice (DfE 2015) to identify, assess and make provision for children's special educational needs.

At Little Acorns Childcare we use the SEND Code of Practice (2015) definition of Special Educational Needs and Disability:

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age or a young person has a learning difficulty or disability if he or she:

- *has a significantly greater difficulty in learning than the majority of others of the same age, or*
- *has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.*

Statement of intent

At **Little Acorns Childcare** we are committed to the inclusion of all children. All children have the right to be cared for and educated to develop to their full potential alongside their peers through positive experiences, to enable them to share opportunities and experiences and develop and learn from each other. We provide a positive and welcoming environment where children are supported according to their individual needs and we work hard to ensure no children are discriminated against or put at a disadvantage as a consequence of their needs. Each child's needs are unique, therefore any attempt to categorise children is inappropriate.

We are committed to working in partnership with parents in order to meet their child's individual needs and develop to their full potential. We are committed to working with any child who has a specific need and/or disability and making reasonable adjustments to enable every child to make full use of the nursery's

facilities. All children have a right to a broad and well-balanced early learning environment.

The nursery will undertake a Progress Check of all children at age two in accordance with the Code of Practice. The early years provider will also undertake an assessment at the end of the Early Years Foundation Stage (in the final term of the year in which a child turns five) to prepare an EYFS Profile of the child.

Where we believe a child may have additional needs that have previously been unacknowledged, we will work closely with the child's parents and any relevant professionals to establish if any additional action is required.

Where a child has additional needs, we feel it is paramount to find out as much as possible about those needs; any way that this may affect his/her early learning or care needs and any additional help he/she may need by:

- Liaising with the child's parents and, where appropriate, the child
- Liaising with any professional agencies
- Reading any reports that have been prepared
- Attending any review meetings with the local authority/professionals
- Observing each child's development and monitoring such observations regularly.

All children will be given a full settling in period when joining the nursery according to their individual needs.

We will:

- Recognise each child's individual needs and ensure all staff are aware of, and have regard for, the Special Educational Needs Code of Practice
- Ensure that all children are treated as individuals/equals and are supported to take part in every aspect of the nursery day according to their individual needs and abilities
- Include all children and their families in our provision
- Identify the specific needs of children with special educational needs and/or disabilities and meet those needs through a range of strategies
- Ensure that children who learn at an accelerated pace e.g. gifted and talented children are also supported
- Encourage children to value and respect others
- Provide well informed and suitably trained practitioners to help support parents and children with special educational difficulties and/or disabilities
- Develop and maintain a core team of staff who are experienced in the care of children with additional needs and identify a Special Educational Needs and Disabilities Co-ordinator (SENCO) who is experienced in the care and assessment of children with additional needs. Staff will be provided with specific training relating to SEND and the SEND Code of Practice
- Monitor and review our practice and provision and, if necessary, make adjustments, and seek specialist equipment and services if needed
- Challenge inappropriate attitudes and practices

- Promote positive images and role models during play experiences of those with additional needs wherever possible
- Celebrate diversity in all aspects of play and learning.
- Work in partnership with parents and other agencies in order to meet individual children's needs, including the education, health and care authorities, and seek advice, support and training where required
- Share any statutory and other assessments made by the nursery with parents and support parents in seeking any help they or the child may need

Our nursery Special Education Needs and Disabilities Co-ordinator (SENCO) is **Emma Smith**.

The role of the SENCO In our setting includes:

- ensuring all practitioners in the setting understand their responsibilities to children with SEN and the setting's approach to identifying and meeting SEN
- advising and supporting colleagues
- ensuring parents are closely involved throughout and that their insights inform action taken by the setting
- liaising with professionals or agencies beyond the setting
- taking the lead in implementing the graduated approach and supporting colleagues through each stage of the process.

We will:

- Designate a named member of staff to be the SENCO and share their name with parents
- Have high aspirations for all children and support them to achieve to their full potential
- Develop respectful partnerships with parents and families
- Ensure parents are involved at all stages of the assessment, planning, provision and review of their child's care and education and where possible include the thoughts and feelings voiced by the child
- Signpost parents and families to our Local Officer in order to access local support and services
- Undertake formal Progress Checks and Assessments of all children in accordance with the SEND Code of Practice January 2015
- Provide a statement showing how we provide for children with special educational needs and/or disabilities and share this with staff, parents and other professionals
- Ensure that the provision for children with SEN and/or disabilities is the responsibility of all members of staff in the nursery through training and professional discussions
- Set out in our inclusive admissions practice on how we meet equality of access and opportunity
- Make **reasonable** adjustments to our physical environment to ensure it is, as far as possible suitable for children and adults with disabilities using the facilities

- Provide a broad, balanced, aspirational early learning environment for all children with SEN and/or disabilities and differentiated activities to meet all individual needs and abilities
- Liaise with other professionals involved with children with special educational needs and/or disabilities and their families, including transition arrangements to other settings and schools.
- Use the graduated approach system to assess, plan, do and review to ensure early identification of any SEND
- Ensure that children with special educational needs and/or disabilities and their parents are consulted at all stages of the graduated response, taking into account their levels of ability
- Review children's progress and support plans every 4 weeks and work with parents to agree on further support plans
- Provide privacy of children with special educational needs and/or disabilities when intimate care is being provided
- Ensure the effectiveness of our SEN/disability provision by collecting information from a range of sources e.g. additional support reviews, Education and Healthcare (EHC) plans, staff and management meetings, parental and external agencies' views, inspections and complaints. This information is collated, evaluated and reviewed annually
- Monitor and review our policy and procedures annually.

Effective assessment of the need for early help

Local agencies should work together to put processes in place for the effective assessment of the needs of individual children who may benefit from early help services. Children and families may need support from a wide range of local agencies. Where a child and family would benefit from coordinated support from more than one agency (e.g. education, health, housing, police) there should be an inter-agency assessment. These early help assessments should identify what help the child and family require to prevent needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989.

The early help assessment should be undertaken by a lead professional who should provide support to the child and family, act as an advocate on their behalf and coordinate the delivery of support services. The lead professional role could be undertaken by a General Practitioner (GP), family support worker, teacher, health visitor and/or special educational needs coordinator. Decisions about who should be the lead professional should be taken on a case by case basis and should be informed by the child and their family.

For an early help assessment to be effective:

- The assessment should be undertaken with the agreement of the child and their parents or carers. It should involve the child and family as well as all the professionals who are working with them;
- A teacher, GP, health visitor, early years' worker or other professional should be able to discuss concerns they may have about a child and family with a

social worker in the local authority. Local authority children's social care should set out the process for how this will happen; and

- If parents and/or the child do not consent to an early help assessment, then the lead professional should make a judgement as to whether, without help, the needs of the child will escalate. If so, a referral into local authority children's social care may be necessary.

If at any time it is considered that the child may be a child in need as defined in the Children Act 1989, or that the child has suffered significant harm, or is likely to do so, a referral should be made immediately to local authority children's social care. This referral can be made by any professional, as per *Working together to safeguard children 2018*.

Graduated Approach

We follow the SEND Code of Practice (2015) recommendation that, in addition to the formal checks above, nurseries should adopt a graduated approach to assessment and planning, led and coordinated by a SENCO. Good practice of working together with parents, and the observation and monitoring of children's individual progress, will help identify any child with special educational needs or disability. This graduated approach will be led and coordinated by the SENCO and appropriate records will be kept according to the Code of Practice.

Assess

In identifying a child as needing SEN support, the key person, working with the SENCO and the child's parents, will carry out an analysis of the child's needs. This initial assessment will be reviewed regularly to ensure that support is matched to need. Where there is little or no improvement in the child's progress, more specialist assessment may be called for from specialist teachers or from health, social services or other agencies beyond the setting. Where professionals are not already working with the setting, the SENCO will contact them, with the parents' agreement.

Plan

Where it is decided to provide SEN support, and having formally notified the parents, the key person and the SENCO, in consultation with the parent, will agree the outcomes they are seeking, the interventions and support to be put in place, the expected impact on progress, development or behaviour, and a clear date for review. Plans will take into account the views of the child.

The support and intervention provided will be selected to meet the outcomes identified for the child, based on reliable evidence of effectiveness, and provided by practitioners with relevant skills and knowledge. Any related staff development needs should be identified and addressed. Parents will be involved in planning support and, where appropriate, in reinforcing the provision or contributing to progress at home.

Do

The child's key person will be responsible for working with the child on a daily basis. With support from the SENCO, they will oversee the implementation of the intervention agreed as part of SEN support. The SENCO will support the key person

in assessing the child's response to the action taken, in problem solving and advising on the effective implementation of support.

Review

The effectiveness of the support and its impact on the child's progress will be reviewed in line with the agreed date. The impact and quality of the support will be evaluated by the key person and the SENCO in full consultation with the child's parents and taking into account the child's views. Information will be shared with parents about the impact of the support provided.

Assess - The key person works with the setting SENCO and the child's parents and brings together all the information, then analyses the child's needs.

Plan - The key person and the SENCO will agree, in consultation with the parent, the outcomes they are seeking for the child, the interventions and support to be put in place, the expected impact on progress, development and behaviour and finally a date for review.

Do - The child's key person implements the agreed interventions or programmes

Review - On the agreed date, the key person and SENCO working with the child's parents, and taking into account the child's views, will review the effectiveness of the support and the impact of the support on the child's progress. They will then evaluate the impact and quality of support on the child.

Education and Health Care Plan (EHCP)

Some children and young people may require an EHC needs assessment in order to decide whether it is necessary to develop an EHC plan. The purpose of an EHC plan is to make adjustments and offer support to meet the special educational needs of the child, to secure the best possible outcomes for them across education, health and social care.

The local authority will conduct the EHC needs assessment and take into account a wide range of evidence, including

- evidence of the child's developmental milestones and rate of progress
- information about the nature, extent and context of the child's SEN
- evidence of the action already being taken by us as the early years provider to meet the child's SEN
- evidence that, where progress has been made, it has only been as the result of much additional intervention and support over and above that which is usually provided
- evidence of the child's physical, emotional and social development and health needs, drawing on relevant evidence from clinicians and other health professionals and what has been done to meet these by other agencies.

We will then work with the local authority and other bodies to ensure that the child receives the support they need to gain the best outcomes.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Dealing with Discriminatory Behaviour

EYFS: 3.1, 3.2, 3.52

At **Little Acorns Childcare** we do not tolerate discriminatory behaviour and take action to tackle discrimination. We believe that parents have a right to know if discrimination occurs and what actions the nursery will take to tackle it. We follow our legal duties in relation to discrimination and record all incidents any perceived or actual relating to discrimination on any grounds and report these where relevant to children's parents and the registering authority.

Definition and legal framework

Types of discrimination

- **Direct discrimination** occurs when someone is treated less favourably than another person because of a protected characteristic
- **Discrimination by association** occurs when there is a direct discrimination against a person because they associate with a person who has a protected characteristic
- **Discrimination by perception** occurs when there is a direct discrimination against a person because they are perceived to have a protected characteristic
- **Indirect discrimination** can occur where a provision, criterion or practice is in place which applies to everyone in the organisation but particularly disadvantages people who share a protected characteristic and that provision, criterion or practice cannot be justified as a proportionate means of achieving a legitimate aim
- **Harassment** is defined as 'unwanted conduct related to a relevant protected characteristic, which has the purpose or effect of violating an individual's dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment for that individual'
- **Victimisation** occurs when an employee is treated badly or put to detriment because they have made or supported a complaint or raised grievance under the Equality Act 2010 or have been suspected of doing so.

Protected characteristics

The nine protected characteristics under the Equality Act 2010 are:

- Age
- Disability
- Gender reassignment
- Race
- Religion or belief
- Sex
- Sexual orientation
- Marriage and civil partnership
- Pregnancy and maternity.

Incidents may involve a small or large number of persons, they may vary in their degree of offence and may not even recognise the incident has discriminatory implications; or at the other extreme their behaviour may be quite deliberate and blatant.

Examples of discriminatory behaviour are:

- Physical assault against a person or group of people
- Derogatory name calling, insults and discriminatory jokes
- Graffiti and other written insults (depending on the nature of what is written)
- Provocative behaviour such as wearing badges and insignia and the distribution of discriminatory literature
- Threats against a person or group of people pertaining to the nine protected characteristics listed above
- Discriminatory comments including ridicule made in the course of discussions
- Patronising words or actions.

Our procedures

We tackle discrimination by:

- Expecting all staff in the nursery to be aware of and alert to any discriminatory behaviour or bullying taking place in person or via an online arena
- Expecting all staff to intervene firmly and quickly to prevent any discriminatory behaviour or bullying, this may include behaviour from parents and other staff members
- Expecting all staff to treat any allegation seriously and report it to the nursery manager. Investigating and recording each incident in detail as accurately as possible and making this record available for inspection by staff, inspectors and parents where appropriate, on request. The nursery manager is responsible for ensuring that incidents are handled appropriately and sensitively and entered in the record book. Any pattern of behaviour should be indicated. Perpetrator/victim's initials may be used in the record book as information on individuals is confidential to the nursery
- Ensuring any online bullying or discriminatory behaviour is tackled immediately
- Informing the parents of the child(ren) who are perpetrators and/or victims of the incident and of the outcome, where an allegation is substantiated following an investigation
- Excluding or dismissing any individuals who display continued discriminatory behaviour or bullying, but such steps will only be taken when other strategies have failed to modify behaviour. This includes any employees where any substantiated allegation after investigation will incur our disciplinary procedures (please see the policy on disciplinary procedures).

We record any incidents of discriminatory behaviour or bullying to ensure that:

- Strategies are developed to prevent future incidents
- Patterns of behaviour are identified
- Persistent offenders are identified

- Effectiveness of nursery policies are monitored
- A secure information base is provided to enable the nursery to respond to any discriminatory behaviour or bullying.

If the behaviour shown by an individual is deemed to be radicalised, we will follow our procedure as detailed in our Safeguarding Policy in order to safeguard children and families concerned.

Nursery staff

We expect all staff to be alert and seek to overcome any ignorant or offensive behaviour based on fear or dislike of distinctions that children, staff or parents may express in nursery.

We aim to create an atmosphere where the victims of any form of discrimination have confidence to report such behaviour, and that subsequently they feel positively supported by the staff and management of the nursery.

It is incumbent upon all members of staff to ensure that they do not express any views or comments that are discriminatory; or appear to endorse such views by failing to counter behaviour, which is prejudicial in a direct manner. We expect all staff to use a sensitive and informed approach to counter any harassment perpetrated out of ignorance.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Sickness and Illness

EYFS: 3.44, 3.45, 3.46

At **Little Acorns Childcare** we promote the good health of all children attending. To help keep children healthy and minimise infection, we do not expect children to attend nursery if they are unwell. If a child is unwell it is in their best interest to be in a home environment with adults they know well rather than at nursery with their peers.

Our procedures

In order to take appropriate action of children who become ill and to minimise the spread of infection we implement the following procedures:

- If a child becomes ill during the nursery day, we contact their parent(s) and ask them to pick up their child as soon as possible. During this time we care for the child in a quiet, calm area with their key person, wherever possible
- We follow the guidance given to us by Public Health England (Health Protection In Schools and other childcare facilities) and advice from our local health protection unit on exclusion times for specific illnesses, e.g. sickness and diarrhoea, measles and chicken pox, to protect other children in the nursery
- Should a child have an infectious disease, such as sickness and diarrhoea, they must not return to nursery until they have been clear for at least 48 hours. We inform all parents if there is a contagious infection identified in the nursery, to enable them to spot the early signs of this illness. We thoroughly clean and sterilise all equipment and resources that may have come into contact with a contagious child to reduce the spread of infection
- We notify Ofsted as soon as possible and in all cases within 14 days of the incident where we have any child or staff member with food poisoning
- We have the right to refuse admission to a child who is unwell. This decision will be taken by the manager on duty and is non-negotiable. If we feel a child is not managing the day due to illness then the child will ask to be collected.

Meningitis procedure

If a parent informs the nursery that their child has meningitis, the nursery manager will contact the Local Area Infection Control (IC) Nurse. The IC Nurse will give guidance and support in each individual case. If parents do not inform the nursery, we will be contacted directly by the IC Nurse and the appropriate support will be given. We will follow all guidance given and notify any of the appropriate authorities including Ofsted if necessary.

Transporting children to hospital procedure

The nursery manager/staff member must:

- Call for an ambulance immediately if the sickness is severe. DO NOT attempt to transport the sick child in your own vehicle
- Whilst waiting for the ambulance, contact the parent(s) and arrange to meet them at the hospital

- Redeploy staff if necessary to ensure there is adequate staff deployment to care for the remaining children. This may mean temporarily grouping the children together
- Arrange for the most appropriate member of staff to accompany the child taking with them any relevant information such as registration forms, relevant medication sheets, medication and the child's comforter
- Inform a member of the management team immediately
- Remain calm at all times. Children who witness an incident may well be affected by it and may need lots of cuddles and reassurance. Staff may also require additional support following the accident.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Infection Control

EYFS: 3.44, 3.45, 3.46

At **Little Acorns Childcare** we promote the good health of all children attending through maintaining high hygiene standards and reducing the chances of infection being spread. We follow the Health protection in schools and other childcare facilities guidance which sets out when and how long children need to be excluded from settings, when treatment/medication is required and where to get further advice from.

Viruses and infections can be easily passed from person to person by breathing in air containing the virus which is produced when an infected person talks, coughs or sneezes. It can also spread through hand/face contact after touching a person or surface contaminated with viruses.

We follow the guidance below to prevent a virus or infection from moving around the nursery. Our staff:

- Encourage all children to use tissues when coughing and sneezing to catch germs
- Ensure all tissues are disposed of in a hygienic way and all children and staff wash their hands once the tissue is disposed of
- Develop children's understanding of the above and the need for good hygiene procedures in helping them to stay healthy
- Clean and sterilise all potties and changing mats before and after each use
- Clean toilets at least daily and check them throughout the day
- Remind children to wash their hands before eating, after visiting the toilet, playing outside or being in contact with any animal and explain the reasons for this
- Clean all toys, equipment and resources on a regular basis by following a comprehensive cleaning rota and using antibacterial cleanser or through washing in the washing machine
- Wash or clean all equipment used by babies and toddlers as and when needed including when the children have placed it in their mouth
- Immediately clean and sterilise (where necessary) any dummy or bottle that falls on the floor or is picked up by another child
- Follow the sickness and illness policy when children are ill to prevent the spread of any infection in the nursery. Staff are also requested to stay at home if they are contagious.

In addition:

- The nursery manager retains the right of refusal of all children, parents, staff and visitors who are deemed contagious and may impact on the welfare of the rest of the nursery
- Parents will be made aware of the need for these procedures in order for them to follow these guidelines whilst in the nursery

- Periodically each room in the nursery will be deep cleaned including carpets and soft furnishings to ensure the spread of infection is limited. This will be implemented earlier if the need arises
- The nursery will ensure stocks of tissues, hand washing equipment, cleaning materials and sterilising fluid are maintained at all times and increased during the winter months or when flu and cold germs are circulating.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Medication

EYFS: 3.19, 3.44, 3.45, 3.46

At **Little Acorns Childcare** we promote the good health of children attending nursery and take necessary steps to prevent the spread of infection (see sickness and illness policy). If a child requires medicine we will obtain information about the child's needs for this, and will ensure this information is kept up to date.

We follow strict guidelines when dealing with medication of any kind in the nursery and these are set out below.

Medication prescribed by a doctor, dentist, nurse or pharmacist

- Prescription medicine will only be given when prescribed by the above and for the person named on the bottle for the dosage stated
- Medicines must be in their original containers with their instructions printed in English
- Those with parental responsibility for any child requiring prescription medication should hand over the medication to the most appropriate member of staff who will then note the details of the administration on the appropriate form and another member of staff will check these details
- Those with parental responsibility must give prior permission for the administration of each and every medication. However, we will accept written permission once for a whole course of medication or for the ongoing use of a particular medication under the following circumstances:
 1. The written permission is only acceptable for that brand name of medication and cannot be used for similar types of medication, e.g. if the course of antibiotics changes, a new form will need to be completed
 2. The dosage on the written permission is the only dosage that will be administered. We will not give a different dose unless a new form is completed
 3. Parents must notify us IMMEDIATELY if the child's circumstances change, e.g. a dose has been given at home, or a change in strength/dose needs to be given.
- The nursery will not administer a dosage that exceeds the recommended dose on the instructions unless accompanied by written instructions from a relevant health professional such as a letter from a doctor or dentist
- The parent must be asked when the child has last been given the medication before coming to nursery; and the staff member must record this information on the medication form. Similarly, when the child is picked up, the parent or guardian must be given precise details of the times and dosage given throughout the day. The parent's signature must be obtained at both times
- At the time of administering the medicine, a senior member of staff will ask the child to take the medicine, or offer it in a manner acceptable to the child at the prescribed time and in the prescribed form. (It is important to note that staff working with children are not legally obliged to administer medication)

- If the child refuses to take the appropriate medication, then a note will be made on the form
- Where medication is “essential” or may have side effects, discussion with the parent will take place to establish the appropriate response.

Non-prescription medication (*these will not usually be administrated*)

- The manager can decide if they deem the child too unwell to attend the setting, and we will not give medication to mask illness that may spread. If a doctor has given advise to give non prescription medication then this will be discussed with management (for example a sprain).
- If the nursery feels the child would benefit from medical attention rather than non-prescription medication, we reserve the right to refuse nursery care until the child is seen by a medical practitioner
- If any child is brought to the nursery in a condition in which he/she may require medication sometime during the day, the manager will decide if the child is fit to be left at the nursery. If the child is staying, the parent must be asked if any kind of medication has already been given, at what time and in what dosage and this must be stated on the medication form

Staff medication

All nursery staff have a responsibility to work with children only where they are fit to do so. Staff must not work with children where they are infectious or too unwell to meet children’s needs. This includes circumstances where any medication taken affects their ability to care for children, for example, where it makes a person drowsy.

If any staff member believes that their condition, including any condition caused by taking medication, is affecting their ability they must inform their line manager and seek medical advice. The nursery manager will decide if a staff member is fit to work, including circumstances where other staff members notice changes in behaviour suggesting a person may be under the influence of medication. This decision will include any medical advice obtained by the individual or from an occupational health assessment.

Where staff may occasionally or regularly need medication, any such medication must be kept in the staff room or nursery room where staff may need easy access to the medication such as an asthma inhaler in the medicine cupboard. In all cases it must be stored out of reach of the children. It must not be kept in the first aid box and should be labelled with the name of the member of staff.

Storage

All medication for children must have the child’s name clearly written on the original container and kept in a closed box, which is out of reach of all children.

Emergency medication, such as inhalers and EpiPens, will be within easy reach of staff in case of an immediate need, but will remain out of children’s reach. Any antibiotics requiring refrigeration must be kept in a fridge inaccessible to children.

All medications must be in their original containers, labels must be legible and not tampered with or they will not be given. All prescription medications should have the pharmacist's details and notes attached to show the dosage needed and the date the prescription was issued. This will all be checked, along with expiry dates, before staff agree to administer medication.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Accidents and First Aid

EYFS: 3.25, 3.50, 3.51

At **Little Acorns Childcare** we aim to protect children at all times. We recognise that accidents or incidents may sometimes occur. We follow this policy and procedure to ensure all parties are supported and cared for when accidents or incidents happen; and that the circumstances of the accident or incident are reviewed with a view to minimising any future risks.

Accidents

Location of accident files: **First Aid Shelf**

- The person responsible for reporting accidents, incidents or near misses is the member of staff who saw the incident or was first to find the child where there are no witnesses. They must record it on an Accident Form and report it to the nursery manager. Other staff who have witnessed the accident may also countersign the form and, in more serious cases, provide a statement. This should be done as soon as the accident is dealt with, whilst the details are still clearly remembered. Parents must be shown the Accident Report, informed of any first aid treatment given and asked to sign it on the same day, or as soon as reasonably practicable after
- The nursery manager reviews the accident forms at least monthly for patterns, e.g. one child having a repeated number of accidents, a particular area in the nursery or a particular time of the day when most accidents happen. Any patterns will be investigated by the nursery manager and all necessary steps to reduce risks are put in place
- The nursery manager will report serious accidents to the registered person for investigation for further action to be taken (i.e. a full risk assessment or report under Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR))
- The Accident File will be kept for at least 10 years.
- Where medical attention is required, a senior member of staff will notify the parent(s) as soon as possible whilst caring for the child appropriately

- Where medical treatment is required the nursery manager will follow the insurance company procedures, which may involve informing them in writing of the accident
- The nursery manager/registered provider will report any accidents of a serious nature to Ofsted and the local authority children's social care team (as the local child protection agency), where necessary. Where relevant such accidents will also be reported to the local authority environmental health department or the Health and Safety Executive and their advice followed.. Notification must be made as soon as is reasonably practical, but in any event within 14 days of the incident occurring.

RIDDOR report form	http://www.hse.gov.uk/riddor/report.htm

Head injuries

If a child has a head injury in the setting then we will follow the following procedure:

- Calm the child
- Assess the child's condition to ascertain if a hospital or ambulance is required. We will follow our procedure for this if this is required (see below)
- If the skin is not broken we will administer a cold compress for short periods of time, repeated until the parent arrives to collect their child
- If the skin is broken then we will follow our first aid training and stem the bleeding
- Call the parent and make them aware of the injury
- Complete the accident form
- Keep the child in a calm and quiet area whilst awaiting collection
- We will follow the advice on the NHS website as per all head injuries <https://www.nhs.uk/conditions/minor-head-injury/>
- For major head injuries we will follow our first aid training.

Transporting children to hospital procedure

The nursery manager/staff member must:

- Call for an ambulance immediately if the injury is severe. DO NOT attempt to transport the sick child in your own vehicle

- Whilst waiting for the ambulance, contact the parent(s) and arrange to meet them at the hospital
- Arrange for the most appropriate member of staff to accompany the child taking with them any relevant information such as registration forms, relevant medication sheets, medication and the child's comforter
- Redeploy staff if necessary to ensure there is adequate staff deployment to care for the remaining children. This may mean temporarily grouping the children together
- Inform a member of the management team immediately
- Remain calm at all times. Children who witness an incident may well be affected by it and may need lots of cuddles and reassurance. Staff may also require additional support following the accident.

First aid

The first aid boxes are located in: **Kitchen first floor, back door (to go out with staff) and kitchen 2nd floor.**

These are accessible at all times with appropriate content for use with children.

The appointed person responsible for first aid checks the contents of the boxes regularly and replaces items that have been used or are out of date.

The staff first aid box is kept **in the staff room**. This is kept out of reach of the children.

First aid boxes should only contain items permitted by the Health and Safety (First Aid) Regulations Act 1981, such as sterile dressings, bandages and eye pads. No other medical items, such as paracetamol should be kept in them.

The appointed person(s) responsible for first aid is Louise Mullen.

All of the staff are trained in paediatric first aid and this training is updated every three years.

All first aid trained staff are listed in every room. When children are taken on an outing away from our nursery, we will always ensure they are accompanied by at least one member of staff who is trained in first aid. A first aid box is taken on all outings.

Food Safety and play

Children are supervised during meal times and food is adequately cut up to reduce choking. The use of food as a play material is discouraged. However, as we understand that learning experiences are provided through exploring different malleable materials the following may be used. These are risk assessed and presented differently to the way it would be presented for eating e.g. in trays,

- Playdough
- Cornflour
- Dried pasta, rice and pulses.

Food items may also be incorporated into the role play area to enrich the learning experiences for children, e.g. fruits and vegetables. Children will be fully supervised during these activities.

Dealing with blood

We may not be aware that any child attending the nursery has a condition that may be transmitted via blood. Any staff member dealing with blood must:

- Always take precautions when cleaning wounds as some conditions such as hepatitis or the HIV virus can be transmitted via blood.
- Wear disposable gloves and wipe up any blood spillage with disposable cloths, neat sterilising fluid or freshly diluted bleach (one part diluted with 10 parts water). Such solutions must be carefully disposed of immediately after use.

Needle punctures and sharps injury

We recognise that injuries from needles, broken glass and so on may result in blood-borne infections and that staff must take great care in the collection and disposal of this type of material. For the safety and well-being of the employees, any staff member dealing with needles, broken glass etc. must treat them as contaminated waste. If a needle is found the local authority must be contacted to deal with its disposal.

At **Little Acorns Nursery** we treat our responsibilities and obligations in respect of health and safety as a priority and we provide ongoing training to all members of staff which reflects best practice and is in line with current health and safety legislation.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Allergies and Allergic Reactions

EYFS: 3.47, 3.45

At **Little Acorns Childcare** we are aware that children may have or develop an allergy resulting in an allergic reaction. Our aims are to ensure allergic reactions are minimised or, where possible, prevented and that staff are fully aware of how to support a child who may be having an allergic reaction.

Our procedures

- Our staff are made aware of the signs and symptoms of a possible allergic reaction in case of an unknown or first reaction in a child. These may include a rash or hives, nausea, stomach pain, diarrhoea, itchy skin, runny eyes, shortness of breath, chest pain, swelling of the mouth or tongue, swelling to the airways to the lungs, wheezing and anaphylaxis
- We ask parents to share all information about allergic reactions and allergies on child's registration form and to inform staff of any allergies discovered after registration
- We share all information with all staff and keep an allergy register.
- Where a child has a known allergy, the nursery manager will carry out a full Allergy Risk Assessment Procedure with the parent prior to the child starting the nursery and shares this assessment with all staff
- All food prepared for a child with a specific allergy is prepared in an area where there is no chance of contamination and served on equipment that has not been in contact with this specific food type, e.g. nuts
- The manager, nursery cook and parents will work together to ensure a child with specific food allergies receives no food at nursery that may harm them. This may include designing an appropriate menu or substituting specific meals on the current nursery menu
- Seating will be monitored for children with allergies. Where deemed appropriate, staff will sit with children who have allergies and where age/stage appropriate staff will discuss food allergies and the potential risks
- If a child has an allergic reaction to food, a bee or wasp sting, plant etc. a first-aid trained member of staff will act quickly and administer the appropriate treatment, where necessary. We will inform parents and record the information in the incident book and on the allergy register
- If an allergic reaction requires specialist treatment, e.g. an EpiPen, then at least two members of staff working directly with the child and the manager will receive specific medical training to be able to administer the treatment to each individual child.

Food Information Regulations 2014

From 13 December 2014, we will incorporate additional procedures in line with the Food Information Regulations 2014 (FIR).

- We will display our weekly menus on Cladd Dojo and facebook.

Sun Care

At **Little Acorns Childcare** we are committed to ensuring that all children are fully protected from the dangers of too much sun/UV rays. Severe sunburn in childhood can lead to the development of malignant melanoma (the most dangerous type of skin cancer) in later life.

We follow guidance from the weather and UV level reports and use the following procedures to keep children safe and healthy in the sun:

- Key persons will work with the parents of their key children to decide and agree on suitable precautions to protect children from burning, including those with more sensitive skin types and those that may be more tolerant to the sunshine, e.g. black and/or Asian colouring
- Children must have a clearly labelled sun hat which will be worn at all times whilst outside in sunny weather. This hat will preferably be of legionnaires design (i.e. with an extended back and side to shield children's neck and ears from the sun) to provide additional protection
- Children must have their own labelled high factor sun cream. This enables children to have sun cream suitable for their own individual needs. Staff must be aware of the expiry date and discard sunscreen after this date
- Parents are requested to supply light-weight cotton clothing for their children suitable for the sun, with long sleeves and long legs
- Children's safety and welfare in hot weather is the nursery's prime objective so staff will work closely with parents to ensure all appropriate cream and clothing is provided
- Staff will make day-to-day decisions about the length of time spent outside depending on the strength of the sun; children will not be allowed in the direct sunlight between 11.00am – 3.00pm on hot days
- Children will always have sun cream applied before going outside in the hot weather and at frequent intervals during the day
- Children are encouraged to drink cooled water more frequently throughout sunny or warm days and this will be accessible both indoors and out
- Children are made aware of the need for sun hats, sun cream and the need to drink more fluids during their time in the sun
- Shade will be provided to ensure children are able to still go out in hot weather, cool down or escape the sun should they wish or need to.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Health and Safety – General Policy

EYFS: 3.25, 3.28, 3.29, 3.30, 3.44, 3.45, 3.46, 3.47, 3.50, 3.51, 3.54, 3.55, 3.56, 3.57, 3.63, 3.64, 3.65, 3.66

At **Little Acorns Childcare** we provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees and a safe early learning environment in which children learn and are cared for. To develop and promote a strong health and safety culture within the nursery for the benefit of all staff, children and parents, we provide information, training and supervision. We also accept our responsibility for the health and safety of other people who may be affected by our activities.

The allocation of duties for safety matters and the particular arrangements which we will make to implement our health and safety procedures are set out within this policy and we make sufficient resources available to provide a safe environment.

Legal framework

We follow all relevant legislation and associated guidance relating to health and safety within the nursery including:

- The requirements of the Statutory Framework for the Early Years Foundation Stage (EYFS) 2017
- The regulations of the Health & Safety at Work Act 1974 and any other relevant legislation such as Control Of Substances Hazardous to Health Regulation (COSHH)
- Any guidance provided by Public Health England, the local health protection unit, the local authority environmental health department, fire authority or the Health and Safety Executive.

Aims and objectives

The aim of this policy statement is to ensure that all reasonably practical steps are taken to ensure the health, safety and welfare of all persons using the premises.

To achieve this we will actively work towards the following objectives:

- Establish and maintain a safe and healthy environment throughout the nursery including outdoor spaces
- Establish and maintain safe working practices amongst staff and children
- Make arrangements for ensuring safety and the minimising of risks to health in connection with the use, handling, storage and transport of hazardous articles and substances
- Ensure the provision of sufficient information, instruction and supervision to enable all people working in or using the nursery to avoid hazards and contribute positively to their own health and safety and to ensure that staff have access to regular health and safety training

- Maintain a healthy and safe nursery with safe entry and exit routes
- Formulate effective procedures for use in case of fire and other emergencies and for evacuating the nursery premises. Practice this procedure on a regular basis to enable the safe and speedy evacuation of the nursery
- Maintain a safe working environment for pregnant workers or for workers who have recently given birth, including undertaking appropriate risk assessments
- Maintain a safe environment for those with special educational needs and disabilities and ensure all areas of the nursery are accessible (wherever practicable)
- Provide a safe environment for students or trainees to learn in
- Encourage all staff, visitors and parents to report any unsafe working practices or areas to ensure immediate response by the management.

We believe the risks in the nursery environment are low and we will maintain the maximum protection for children, staff and parents. The nursery will:

- Ensure all entrances and exits from the building, including fire exits are clearly identifiable and remain clear at all times
- Regularly check the premises room by room for structural defects, worn fixtures and fittings or electrical equipment and take the necessary remedial action
- Ensure that all staff, visitors, parents and children are aware of the fire procedures and regular fire drills are carried out
- Have the appropriate fire detection and control equipment which is checked regularly to make sure it is in working order
- Ensure that all members of staff are aware of the procedure to follow in case of accidents for staff, visitors and children
- Ensure that all members of staff take all reasonable action to control the spread of infectious diseases and wear protective gloves and clothing where appropriate
- Ensure there are suitable hygienic changing facilities (see infection control policy)
- Prohibit smoking on the nursery premises
- Prohibit any contractor from working on the premises without prior discussion with the officer in charge
- Encourage children to manage risks safely and prohibit running inside the premises unless in designated areas
- Risk assess all electrical sockets and take appropriate measures to reduce risks where necessary and ensure no trailing wires are left around the nursery
- Ensure all cleaning materials are placed out of the reach of children and kept in their original containers
- Wear protective clothing when cooking or serving food
- Prohibit certain foods that may relate to children's allergies, e.g. peanuts are not allowed in the nursery
- We follow the EU Food Information for Food Consumers Regulations (EU FIC). These rules are enforced in the UK by the Food Information Regulations 2014 (FIR). We identify the 14 allergens listed by EU Law that we use as ingredients

in any of the dishes we provide to children and ensure that all parents are informed

- Follow the allergies and allergic reactions policy for children who have allergies
- Ensure risk assessments are undertaken on the storage and preparation of food produce within the nursery
- Familiarise all staff and visitors with the position of the first aid boxes and ensure all know who the appointed first aiders are
- Provide appropriately stocked first aid boxes and check their contents regularly
- Ensure children are supervised at all times
- Ensure no student or volunteer is left unsupervised at any time
- Ensure staff paediatric first aid certificates are on display (or made available to parents).

Responsibilities

The designated Health and Safety Officer in the nursery is **Louise Mullen**.

The employer has overall and final responsibility for this policy being carried out at: **Little Acorns Childcare, Whitley Bay**.

The nursery manager/deputy nursery manager will be responsible in his/her absence.

All employees have the responsibility to cooperate with senior staff and the manager to achieve a healthy and safe nursery and to take reasonable care of themselves and others. Neglect of health and safety regulations/duties will be regarded as a disciplinary matter (see separate policy on disciplinary procedures).

Whenever a member of staff notices a health or safety problem which they are not able to rectify, they must immediately report it to the appropriate person named above. Parents and visitors are requested to report any concerns they may have to the senior member of staff in the area.

Daily contact, monthly staff meetings and health and safety meetings provide consultation between management and employees. This will include health and safety matters.

Health and safety arrangements

- All staff are responsible for general health and safety in the nursery
- Risk assessments will be conducted on all areas of the nursery, including rooms, activities, outdoor areas, resources and cleaning equipment
- These are reviewed at regular intervals and when arrangements change
- All outings away from the nursery (however short) will include a prior risk assessment – more details are included in our outings policy
- All equipment, rooms and outdoor areas will be checked thoroughly by staff before children access them or the area. These checks will be recorded and initialled by the staff responsible. Unsafe areas will be made safe/removed

from the area by this member of staff to promote the safety of children. If this cannot be achieved the manager will be notified immediately

- We provide appropriate facilities for all children, staff, parents and visitors to receive a warm welcome and provide for their basic care needs, e.g. easy to access toilet area and fresh drinking water
- The nursery will adhere to the Control Of Substances Hazardous to Health Regulation (COSHH) to ensure all children, staff, parents and visitors are safe in relation to any chemicals we may use on the premises
- All staff and students will receive appropriate training in all areas of health and safety which will include risk assessments, manual handling and fire safety. We may also use benefit risk assessments for particular activities and resources for children
- We have a clear accident and first aid policy to follow in the case of any person in the nursery suffering injury from an accident or incident
- We have a clear fire safety policy and procedure which supports the prevention of fire and the safe evacuation of all persons in the nursery. This is to be shared with all staff, students, parents and visitors to the nursery
- We review accident and incident records to identify any patterns/hazardous areas
- All health and safety matters are reviewed informally on an ongoing basis and formally every six months or when something changes. Staff and parents will receive these updates, as with all policy changes, as and when they happen
- Staff and parents are able to contribute to any policy through the suggestion scheme and during the regular meetings held at nursery.

The policy is kept up to date and reviewed especially when the nursery changes in nature and size. It is revised annually, or as and when required. We therefore welcome any useful comments from members of staff, parents and visitors regarding this policy.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Fire Safety

EYFS: 3.54, 3.55, 3.56

At **Little Acorns Children** we make sure the nursery is a safe environment for children, parents, staff and visitors through our fire safety policy and procedures.

The designated fire marshal, Louise Mullen, makes sure the nursery premises are compliant with fire safety regulations, including following any major changes or alterations to the premises and seeks advice from the local fire safety officer as necessary.

The designated fire marshal has overall responsibility for the fire drill and evacuation procedures. These are carried out and recorded for each group of children every three months or as and when a large change occurs, e.g. a large intake of children or a new member of staff joins the nursery. These drills will occur at different times of the day and on different days to ensure evacuations are possible under different circumstances and all children and staff participate in the rehearsals.

The designated fire marshal checks fire detection and control equipment and fire exits in line with the timescales in the checklist below.

Fire checklist

	Who checks	How often	Location
Escape route/fire exits (all fire exits must be clearly identifiable)	Louise Mullen	Monthly	Downstairs to the rear of the building
Fire extinguishers and blankets	Tyne Fire and Safety Ltd	Yearly	Throughout
Evacuation pack			
Smoke/heat alarms	Tyne Fire and Safety	Yearly	Both floors
Fire alarms	Tyne Fire and Safety	Yearly	Both floors
Fire doors closed, in good repair, doors free of obstruction and easily opened from the inside	Yes		

Registration

An accurate record of all staff and children present in the building must be kept at all times and children/staff must be marked in and out on arrival and departure. An

accurate record of visitors must be kept in the visitor's book. These records must be taken out along with the register and emergency contacts list in the event of a fire.

No smoking policy

The nursery operates a strict no smoking policy – please see this separate policy for details.

Fire drill procedure

On discovering a fire:

- Calmly raise the alarm by breaking the alarm glass
- Immediately evacuate the building under guidance from the fire marshal
- Using the nearest accessible exit lead the children out, assemble on Trewitt Street
- Close all doors behind you wherever possible
- Do not stop to collect personal belongings on evacuating the building
- Do not attempt to go back in and fight the fire
- Do not attempt to go back in if any children or adults are not accounted for
- Wait for emergency services and report any unaccounted persons to the fire service/police.

If you are unable to evacuate safely:

- Stay where you are safe
- Keep the children calm and together
- Wherever possible alert the manager of your location and the identity of the children and other adults with you.

The fire marshal is to:

- Pick up the children's register, staff register, mobile phone, keys, visitor book and fire bag/evacuation pack (containing emergency contacts list, nappies, wipes and blankets)
- Telephone emergency services: dial 999 and ask for the fire service
- In the fire assembly point area – check the children against the register
- Account for all adults: staff and visitors
- Advise the fire service of anyone missing and possible locations and respond to any other questions they may have.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Visits and Outings

EYFS: 3.65, 3.66

At **Little Acorns Childcare** we offer children a range of local outings including walks and visits off the premises. We believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. We always seek parents' permission for children to be included in such outings.

Procedures

Visits and outings are carefully planned using the following guidelines, whatever the length or destination of the visit:

- A pre-visit checklist, full risk assessment and outings plan will always be carried out by a senior member of staff before the outing to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards. We will endeavour to visit the venue prior to the visit. This will ensure that the chosen venue is appropriate for the age, stage and development of the children
- We provide appropriate staffing levels for outings dependent on an assessment of the safety and the individual needs of the children.
- At least one member of staff will hold a valid and current paediatric first aid certificate and this will be increased where risk assessment of proposed activity deems it necessary
- A fully stocked first aid box will always be taken on all outings along with any special medication or equipment required
- A completed trip register together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- A fully charged mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation. If required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents being contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery.

Lost children

In the event of a child being lost, the Lost Child Procedure will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

There may be opportunities for parents to assist on outings. The manager will speak to parents prior to the visit regarding health and safety and code of conduct.

In the event of an emergency (including a terrorist attack)

In the event of an emergency whilst out on a visit, we encourage staff to find a safe haven and remain there until the danger passes. Each outing will have a detailed risk assessment, which covers all these risks and is planned ahead.

This could cover other issues such as extreme weather, emergency (such as an ill or injured child) etc.

Also think about how to contact parents to let them know everything is ok.

<i>Sept 2019</i>		<i>Jan 2028</i>

Lost Child Procedure from Nursery

EYFS: 3.62, 3.73

At **Little Acorns Childcare** we are committed to promoting children's safety and welfare. In the unlikely event of a child going missing within/from the nursery, we have the following procedure which will be implemented immediately:

- All staff will be aware of the procedure when a child goes missing and supply information to support the search, e.g. a recent photograph and a detailed description of clothing
- The nursery manager will be informed immediately and all staff present will be informed. Some staff will be deployed to start an immediate thorough search of the nursery, followed by a search of the surrounding area, whilst ensuring that some staff remain with the other children so they remain supervised, calm and supported throughout
- The manager will call the police as soon as they believe the child is missing and follow police guidance. The parents of the missing child will also be contacted
- A second search of the area will be carried out
- During this period, available staff will be continually searching for the missing child, whilst other staff maintain as near to normal routine as possible for the rest of the children in the nursery
- The manager will meet the police and parents
- The manager will then await instructions from the police
- In the unlikely event that the child is not found the nursery will follow the local authority and police procedure
- Any incidents must be recorded in writing as soon as practicably possible including the outcome, who was lost, time identified, notification to police and findings
- Ofsted must be contacted and informed of any incidents
- With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary
- In any cases with media attention staff will not speak to any media representatives
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring being reduced
- Internal use only.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Lost Child Procedure from Outings

EYFS: 3.65, 3.73

At **Little Acorns Childcare** we are committed to promoting children's safety and welfare. This includes where children are on outings and visits. We carry out regular head counts of children throughout any outing or visit. In the unlikely event of a child going missing whilst on an outing we have the following procedure which we implement immediately:

- All staff will be aware of the procedure when a child goes missing and supply information to support the search, e.g. a recent photograph and a detailed description of clothing
- The organiser will be informed immediately and all staff present will be informed. Some staff will be deployed to start an immediate thorough search of the area, ensuring that all other children remain supervised, calm and supported throughout
- If appropriate, on-site security will also be informed and a description given
- The designated person in charge will immediately inform the police
- The designated person in charge will then inform the nursery who will contact the child's parents giving details of what has happened. If the whole nursery is on an outing, all contact details will be taken on the trip by the person in charge
- During this period, staff will be continually searching for the missing child, whilst other staff maintain the safety and welfare of the remaining children
- It will be the designated person in charge or the manager's responsibility to ensure that there are adequate staff to care for the children and get them back safe, a member of staff to meet the police and someone to continue the search (this may mean contacting relief staff)
- Any incidents must be recorded in writing as soon as practicably possible including the outcome, who was lost, time identified, notification to police and findings
- In the unlikely event that the child is not found, the nursery will follow the local authority and police procedure
- Ofsted must be contacted and informed of any incidents
- With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary
- In any cases with media attention staff will not speak to any media representatives
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring being reduced.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Lock Down Policy

Lock down procedure

We will use the lock down procedure when the safety of the children and staff is at risk and we will be better placed inside the current building, with doors and windows locked and blinds/curtains drawn.

We will activate this emergency procedure in response to a number of situations, but some of the more typical might be:

- A report incident or disturbance in the local community (with potential to pose a risk to staff and children in the nursery)
- An intruder on the nursery site (with potential to pose a risk to staff and children in nursery)
- A warning being received regarding a risk locally, of air pollution (smoke plumes, gas cloud etc.)
- A major fire or explosion in the vicinity of the nursery – as long as it is safer staying in the premises than leaving.

In this case the staff will be notified by the following action:

Whistle Blown

All individuals (including children) will remain in the area they are in, if safe to do so. If the children are outside, staff are to promptly and calmly direct children into the building, if this will not endanger them. Staff will make efforts to close and lock doors wherever safe to do so.

All individuals will keep away from the windows and doors and children will be occupied in the centre of the room so they are not placed at risk or are able to see any situation developing outside.

The manager will ensure all children, staff and visitors are accounted for and safe before returning to the office area to keep up to date with the current situation via updates.

The manager on duty will manage the situation dependant on the situation and the information available. If the nursery is in immediate danger of an intruder, the police will be called as a matter of urgency. In other cases where the situation has been alerted by the police or local area authority then the nursery will await further instructions.

Once the all clear has been given externally the manager will issue the all clear internally. After this time the staff will try to return to normal practice to enable the children not to be disrupted or upset by the events.

Any children showing worries or concerns will have one to one time with their key person to talk about these.

Parents will be informed about the situation at the earliest safest opportunity and will be kept updated when the information changes.

After the event a post-incident evaluation will be conducted to ensure that each child and staff member was supported fully and the procedure went as planned.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Supervision of Visitors

EYFS: 3.62

At **Little Acorns Childcare** we aim to protect the children in our care at all times. This includes making sure any visitors to the nursery are properly identified and supervised.

All visitors must sign the visitors' book on arrival and departure. Where applicable, visitors' identity should be checked, e.g. Ofsted inspectors or colleagues attending in a professional capacity such as speech and language therapists. Visitors are informed of any relevant policies including the fire evacuation procedure and mobile phone, camera and other recording devices policy including use of smartwatches where applicable.

Security

- Staff must check the identity of any visitors they do not recognise before allowing them into the main nursery. Visitors to the nursery must be recorded in the Visitors' Book and accompanied by a member of staff at all times while in the building
- All external doors must be kept locked at all times and external gates closed. All internal doors and gates must be kept closed to ensure children are not able to wander
- Parents, visitors and students are reminded not to hold doors open or allow entry to any person, whether they know this person or not. Staff within the nursery should be the only people allowing external visitors and parents entry to the nursery
- The nursery will under no circumstances tolerate any form of harassment from third parties, including visitors, towards others, including children, staff members and parents. The police may be called in these circumstances.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Safe Recruitment of Staff

EYFS: 3.9 – 3.20, 3.29

At **Little Acorns Childcare** we are vigilant in our recruitment procedures aiming to ensure all people working with children are suitable to do so. We follow this procedure each and every time we recruit a new member to join our team.

Legal requirements

- We abide by all legal requirements relating to safe recruitment set out in the Statutory Framework for the Early Years Foundation Stage (EYFS) and accompanying regulations
- We also follow any requirements or guidance given by the Disclosure and Barring Service (DBS) in relation to carrying out checks; and abide by the employer's responsibilities relating to informing the DBS of any changes to the suitability of their staff, whether this member of staff has left the nursery or is still under investigation. Please refer to the child protection/safeguarding policy for further information.

Advertising

- We use reputable newspapers, websites and the local job centre to advertise for any vacancies
- We ensure that all recruitment literature includes details of our equal opportunities policy and our safe recruitment procedures; including an enhanced DBS check and at least two independent references for every new employee. We also include the requirement for an additional criminal records check (or checks if more than one country) for anyone who has lived or worked abroad.

Interview stage

- We shortlist all suitable candidates against a pre-set specification and ensure all applicants receive correspondence regardless of whether they are successful in reaching the interview stage or not
- The manager will decide the most appropriate people for the interview panel. There will be at least two people involved in the overall decision making
- All candidates reaching the interview stage are questioned using the same set criteria and questions. These cover specific areas of childcare, including safeguarding the children in their care, planning suitable activities to enhance the child's development and their understanding of the legal frameworks applied to childcare and used in the nursery. The questions will be value based and will ensure the candidate has the same values as the nursery with regards to the safety and welfare of the children in their care
- The most suitable person for this position based on these scores and their knowledge and understanding of the early years framework as well as the needs of the nursery will be selected.

- Every candidate will receive communication from the nursery stating whether they have been successful or not. Unsuccessful candidates are offered feedback.

Starting work

- The successful candidate will be offered the position subject to at least two references from previous employment or, in the case of a newly qualified student, their tutor and a personal or professional reference.
- The successful candidate will be asked to provide proof of their qualifications, where applicable. All qualifications will be checked and copies taken for their personnel files where applicable
- All new starters, other than those who have registered for the continuous updating service (see below), will be subject to an enhanced Disclosure and Barring Service (DBS) check.
- The successful candidate cannot begin work at the setting until DBS is in place, and appropriate references have been received.
- An additional criminals records check (or checks if more than one country) should also be made for anyone who has lived or worked abroad
- The nursery will record and retain details about the individual including staff qualifications, identity checks carried out and the vetting process completed. This will include the disclosure and barring service reference number, the date the disclosure was obtained and details of who obtained it. The nursery will not retain copies of the disclosure itself once the employment decision is taken
- If the individual has registered on the DBS system since 17 July 2013, managers may use the update service with the candidate's permission instead of carrying out an enhanced DBS check
- All new members of staff will undergo an intensive induction period during which time they will read and discuss the nursery policies and procedures
- During their induction period all new staff will receive training on how to safeguard children in their care and follow the Safeguarding Children/Child Protection policy and procedure, emergency evacuation procedures, equality policy and health and safety issues
- The new member of staff will have regular meetings with the manager and their mentor during their induction period to discuss their progress.

Ongoing support and checks

- All staff are responsible for notifying the manager in person if any there are any changes to their circumstances that may affect their suitability to work with children (staff suitability status will also be checked through an annual 'staff suitability questionnaire'). This includes any incidents occurring outside the nursery. Staff will face disciplinary action should they fail to notify the manager **immediately**
- All members of staff will update a health questionnaire on an annual basis to ensure management have a good knowledge of any changes that may require support or additional resources to aid them to carry out their day-to-day duties. This will also be discussed at staff supervisions/review meetings. Management may require this more regularly where health circumstances

change. There are more details about how the nursery deals with any health problems in the absence management policy

- The nursery manager/directors will review any significant changes to an individual's circumstances that may suggest they are no longer suitable to work with children and take appropriate action to ensure any unsuitable or potentially unsuitable employee does not have unsupervised contact with children until the matter is resolved. Please see the Disciplinary Policy for further details
- Every member of staff will have two meetings a year with the manager: a formal appraisal and a more informal review. This will provide an opportunity for the manager and member of staff to discuss training needs for the following six months as well as evaluate and discuss their performance in the previous six months
- The manager, deputy will be responsible for any support the staff team may have between these reviews. This includes mentor support, one-to-one training sessions, ongoing supervision, work-based observations and constructive feedback
- The nursery will provide appropriate opportunities for all staff to undertake professional development and training to help improve the quality of experiences provided for children.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Staff Development and Training

EYFS: 3.20 – 3.26

At **Little Acorns Childcare** we value our staff highly. We believe that personal and professional development is essential for maintaining the delivery of high-quality care and learning for children in their early years. It underpins all aspects of positive interactions and activities planned for children.

In the interests of the nursery, the children, their families and the individual we give every staff member the opportunity to develop their skills to their maximum and to broaden their knowledge and skills in caring for children. A comprehensive and targeted programme of professional development ensures practitioners are constantly improving their understanding and practice. High-quality professional supervision is provided, based on individual performance related targets, consistent and sharply focused observation and evaluations of the impact of staff's practice.

We strongly promote continuous professional development and all staff have individual training records and training plans to enhance their skills and expertise, which are based on discussions at supervision meetings and appraisal meetings. We have a training budget which is set annually and reviewed to ensure that the team gain external support and training where needed.

To facilitate the development of staff we:

- Coach, mentor, lead and offer encouragement and support to achieve a high level of morale and motivation
- Promote teamwork through ongoing communication, involvement and a no blame culture to enhance nursery practice
- Provide opportunities for delegation based on skills and expertise to offer recognition and empower staff
- Encourage staff to contribute ideas for change within the nursery and hold regular staff meetings and team meetings to develop these ideas. Regular meetings are also held to discuss strategy, policy and activity planning
- Encourage staff to further their experience and knowledge by attending relevant external training courses
- Encourage staff to pass on their knowledge to those who are less experienced and share knowledge from external training with small groups of staff within the nursery
- Provide regular in-house training relevant to the needs of the nursery
- Carry out regular bi-monthly supervision meetings with all staff. These provide opportunities for staff to discuss any issues particularly concerning children's development or well-being including child protection concerns, identify solutions to address issues as they arise and receive coaching to improve their personal effectiveness. Staff appraisals are carried out annually where

objectives and action plans for staff are set out, while also identifying training needs according to their individual needs

- Develop a training plan that sets out the aims and intended outcomes of any training, addressing both the qualification and continuous professional development needs of the nursery and individual staff
- Carry out training need analyses for all individual staff, the team as a whole, and for the nursery every six months
- Promote a positive learning culture within the nursery
- Offer annual team building training
- Carry out full evaluations of all training events and use these to evaluate the training against the aims set to enable the development of future training programmes to improve effectiveness and staff learning
- Provide inductions to welcome all new staff and assign a 'work buddy' to coach, mentor and support new staff
- Offer ongoing support and guidance
- Offer varied information sources including membership of local and national organisations, resources, publications and literature to all staff.

Data Protection and Confidentiality

EYFS: 3.69, 3.70

At **Little Acorns Childcare** we recognise that we hold sensitive/confidential information about children and their families and the staff we employ. This information is used to meet children's needs, for registers, invoices and emergency contacts. We store all records in a locked cabinet or on the office computer with files that are password protected in line with data protection principles. Any information shared with the staff team is done on a 'need to know' basis and treated in confidence. This policy will work alongside the Privacy Notice to ensure compliance under General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) and Data Protection Act 2018.

Legal requirements

- We follow the legal requirements set out in the Statutory Framework for the Early Years Foundation Stage (EYFS) and accompanying regulations about the information we must hold about registered children, their families and the staff working at the nursery
- We follow the requirements of the General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR), Data Protection Act 2018 and the Freedom of Information Act 2000 with regard to the storage of data and access to it.

Procedures

It is our intention to respect the privacy of children and their families and we do so by:

- Storing confidential records in a locked filing cabinet or on the office computer with files that are password protected
- Ensuring staff, student and volunteer inductions include an awareness of the importance of confidentiality, and that information about the child and family is not shared outside of the nursery other than with relevant professionals who need to know that information. It is not shared with friends and family, discussions on the bus or at the local bar for example. If staff breach any confidentiality provisions, this may result in disciplinary action and, in serious cases, dismissal. Students on placement in the nursery are advised of our confidentiality policy and required to respect it
- Ensuring that all staff, volunteers and students are aware that this information is confidential and only for use within the nursery and to support the child's best interests with parental permission
- Ensuring that parents have access to files and records of their own children but not to those of any other child, other than where relevant professionals such as the police or local authority children's social care team decide this is not in the child's best interest
- Ensuring all staff are aware that this information is confidential and only for use within the nursery setting. If any of this information is requested for whatever reason, the parent's permission will always be sought other than in the circumstances above

- Ensuring staff do not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs
- Ensuring staff, students and volunteers are aware of and follow our social networking policy in relation to confidentiality
- Ensuring issues concerning the employment of staff remain confidential to the people directly involved with making personnel decisions
- Ensuring any concerns/evidence relating to a child's personal safety are kept in a secure, confidential file and are shared with as few people as possible on a 'need-to-know' basis. If, however, a child is considered at risk, our safeguarding/child protection policy will override confidentiality.

All the undertakings above are subject to the paramount commitment of the nursery, which is to the safety and well-being of the child.

General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) compliance

In order to meet our requirements under GDPR we will also undertake the following:

1. We will ensure our terms & conditions, privacy and consent notices are easily accessed/made available in accurate and easy to understand language
2. We will use your data only for the reasons agreed and only contact you as agreed. We will not share or use your data for other purposes
3. Everyone in our nursery understands that people have the right to access their records or have their records amended or deleted (subject to other laws and regulations).

Staff and volunteer information

- All information and records relating to staff will be kept confidentially in a locked cabinet
- Individual staff may request to see their own personal file at any time.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Gifted and Talented Children Policy

EYFS: 1.1, 1.6, 1.8, 2.1

At **Little Acorns Childcare** we plan our teaching and learning so that each child can aspire to achieve their full potential.

The purpose of this policy is to help to ensure that we recognise and support the needs of those children in our nursery who have been identified as 'gifted' and/or 'talented' and extend their learning to challenge them further.

'Gifted' refers to a child who has a broad range of achievement at a level well above average, typically in the more academic subjects;

'Talented' refers to a child who excels in one or more specific fields, typically those that call for performance skills, such as sport or music, but who does not necessarily perform at a high level across all areas of learning.

With this in mind we will ensure all children are fully supported and challenged by:

- Working together with parents and carers to establish starting points on entry to nursery
- Observing, assessing and planning activities in line with the individual child's needs and interests
- Providing challenging next steps to enhance the learning opportunities
- Working with the child's school to provide activities that will stretch the child further in line with the child's future curriculum
- Support transitions by providing key information to the next provision

Gifted children in language and literacy:

- Are able to read and respond to a range of texts at a more advanced level
- Use a wide vocabulary and variety of words in conversations and play
- Are able to write fluently and with little support

Gifted children in mathematics:

- Explore a broader range of strategies for solving a problem
- Establish their own strategies for problem solving
- Are able to manipulate numbers in a wide range of ways, e.g. adding, subtracting.

The management monitors all outcomes for children by tracking cohorts and individual children across the whole setting. This will include the gifted and talented children. Management will ensure that all children are progressing at an appropriate rate from their starting points through challenging and supportive activities and opportunities.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Settling In

EYFS: 3.27, 3.73

At **Little Acorns Childcare** we aim to support parents and other carers to help their children settle quickly and easily by giving consideration to the individual needs and circumstances of every child and their families. Our aim is for children to feel safe, stimulated and happy in the nursery and to feel secure and comfortable with all staff. We also want parents to have confidence in both their children's continued well-being and their role as active partners, with the child being able to benefit from what the nursery has to offer.

All our staff know about the importance of building strong attachments with children. They are trained to recognise the different stages of attachment and use this knowledge to support children and families settling in to the nursery.

Our nursery will work in partnership with parents to settle their child into the nursery environment by:

- Allocating a key person to each child.
- Reviewing the nominated key person if the child is bonding with another member of staff to ensure the child's needs are supported
- Providing parents with relevant information about the policies and procedures of the nursery
- Encouraging parents and children to visit the nursery during the weeks before an admission is planned and arranging home visits where applicable
- Planning settling in visits and introductory sessions (lasting approximately 1-2 hours). These will be provided free of charge over a one or two week period, dependent on individual needs, age and stage of development. Some children may need a staggered start.
- Welcoming parents to stay with their child during the first few weeks until the child feels settled and the parents feel comfortable about leaving their child. Settling in visits and introductory sessions are key to a smooth transition and to ensure good communication and information sharing between staff and parents
- Reassuring parents whose children seem to be taking a long time settling in to the nursery and developing a plan with them
- Encouraging parents, where appropriate, to separate themselves from their children for brief periods at first, gradually building up to longer absences
- Respecting the circumstances of all families, including those who are unable to stay for long periods of time in the nursery and reassure them of their child's progress towards settling in
- Not taking a child on an outing from the nursery until he/she is completely settled.

Sept 2019		Jan 2028

Caring for Babies and Toddlers

EYFS: 3.47, 3.48, 3.54, 3.57, 3.58, 3.59, 3.60, 3.64, 3.73

At **Little Acorns Childcare** we care for children under the age of two and ensure their health, safety and well-being through the following:

- Children under the age of two have a separate base room and are cared for in small intimate groups. We ensure that younger children have opportunities to have contact with older children whilst at nursery
- At least half of the staff team caring for children under the age of two will have undertaken specific training for working with babies
- Care is taken to ensure that babies and toddlers do not have access to activities containing small pieces, which may be swallowed or otherwise injure the child
- The environment and equipment are checked daily before the children access the area. This includes checking the stability of cots and areas around, low/highchairs and ensuring restraints on these, pushchairs and prams are intact and working
- All doors are fitted with viewing panels and door finger-guards to ensure the safety of children
- Babies and toddlers have their nappies changed according to their individual needs and requirements by their key person wherever possible
- Information will be shared between parents and the key person about nappy changing and toilet training in a way that suits the child
- Potties are washed and disinfected after every use. Changing mats are wiped with anti-bacterial cleanser before and after every nappy change
- Children under two years are not be given pillows, cot bumpers or any soft furnishings in order to prevent risk of suffocation
- We follow all cot death prevention/safety guidelines and advise parents of this information. Babies are always laid to sleep on their back, with their feet touching the foot of the cot
- Sheets or thin blankets will come no higher than the baby's shoulders, to prevent them wriggling under the covers. We make sure the covers are securely tucked in so they cannot slip over the baby's head
- Cots are checked before use to ensure no items are within reach i.e. hanging over or beside the cot (e.g. fly nets, cables, cord blinds)
- All low/highchairs used for feeding are fitted with restraints and these are used at all times. Children are never left unattended in high chairs. Restraints are removed and washed weekly or as needed
- No child is ever left unattended during nappy changing time
- Babies are never left propped up with bottles as it is both dangerous and inappropriate
- Checks on sleeping babies are completed every 10 minutes.

- Staff do not change nappies whilst pregnant until a risk assessment has been discussed and conducted. Students only change nappies with the support and close supervision of a qualified member of staff
- Bottles of formula milk are only made up as and when the child needs them. These should be cooled to body temperature, which means they should feel warm or cool, but not hot, and should be tested with a sterilised thermometer to ensure they are an appropriate temperature for the child to drink safely
- Bottles and teats are thoroughly cleaned with hot soapy water and sterilised after use (they will not be washed in the dishwasher)
- Contents of bottles are disposed of after two hours
- A designated area is available for mothers who wish to breastfeed their babies or express milk
- Labelled mothers' breast milk is stored in the fridge
- Sterilisers are washed out and cleaned daily
- Children transfer to the older age group when assessed as appropriate for their age/stage following our agreed transition and settling procedures.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Sleep

EYFS: 3.59

At Little Acorns Childcare we aim to ensure that all children have enough sleep to support their development and natural sleeping rhythms in a safe environment.

The safety of babies' sleeping is paramount. Our policy follows the advice provided by The Cot Death Society and Lullaby Trust to minimise the risk of Sudden Infant Death. We make sure that:

- Babies are placed on their backs to sleep, if a baby has rolled onto their tummy, you should turn them onto their back again, however once a baby can roll from back to front and back again, on their own, they can be left to find their own position
- Babies/toddlers are never put down to sleep with a bottle to self-feed
- Babies/toddlers are monitored visually when sleeping.
- When monitoring, the staff member looks for the rise and fall of the chest and if the sleep position has changed

We provide a safe sleeping environment by:

- Monitoring the room temperature
- Using clean, light bedding/blankets (cellular) and ensuring babies are appropriately dressed for sleep to avoid overheating
- Only using safety-approved cots or other suitable sleeping equipment (i.e. sleeping mats) that are compliant with British Standard regulations, and mattress covers are used in conjunction with a clean fitted sheet
- Only letting babies sleep in prams if they have fallen asleep on a walk or are struggling to sleep. We only use buggies that lie flat, with the hood back and children will be transferred to a mat or cot once they come back into the setting. Following the advice of the lullaby trust.
- Not using cot bumpers or cluttering cots with soft toys.
- Keeping all spaces around cots and beds clear from hanging objects i.e. hanging cords, blind cords, drawstring bags
- Ensuring every baby/toddler is provided with clean bedding
- Transferring any baby who falls asleep while being nursed by a practitioner to a safe sleeping surface to complete their rest
- Having a no smoking policy.

We recognise parents' knowledge of their child with regard to sleep routines and will, where possible, work together to ensure each child's individual sleep routines and well-being continues to be met. However, staff will not force a child to sleep or keep them awake against his or her will. They will also not usually wake children from their sleep.

Staff will discuss any changes in sleep routines at the end of the day and share observations and information about children's behaviour when they do not receive enough sleep.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Nutrition and Mealtimes

EYFS: 3.47 – 3.49

Nutrition and Mealtimes

EYFS: 3.47 – 3.49

In line with EYFS nutrition guidance May 2025

At Little Acorns Childcare we believe that mealtimes should be happy, social occasions for children and staff alike. We promote shared, enjoyable positive interactions at these times.

We are committed to offering children healthy, nutritious and balanced meals and snacks which meet individual needs and requirements. We have worked with a nutritionist, and parents, to develop menus in our setting.

We will ensure that:

- A balanced and healthy breakfast, midday meal, tea and two daily snacks are provided for children attending a full day at the nursery. Food from the main food groups will be provided to children across the day.
- Menus are planned in advance, rotated regularly and reflect cultural diversity and variation. These are displayed for children and parents to view, and sent to parents termly. Where possible, local and seasonal produce will be included in the menus.
- We provide nutritious food at all snack and meal times, avoiding large quantities of fat, sugar, salt and artificial additives, preservatives and colourings. Cakes and biscuits are sometimes made with the children at the setting as a treat, but avoid the use of large quantities of sugar.
- Individual dietary requirements are respected. We gather information from parents regarding their children's dietary needs, including any special dietary requirements, preferences and food allergies that a child has and any special health requirements, before a child starts or joins the nursery. Where appropriate, we will carry out a risk assessment in the case of allergies and work alongside parents to put into place an individual dietary plan for their child
- We give careful consideration to seating to avoid cross contamination of food from child to child. Where appropriate, an adult will sit with children during meals to ensure safety and minimise risks. Where appropriate, age/stage discussions will also take place with all children about allergies and potential risks to make them aware of the dangers of sharing certain foods

- Staff show sensitivity in providing for children's diets and allergies. They do not use a child's diet or allergy as a label for the child, or make a child feel singled out because of her/his diet or allergy
- Staff set a good example and sit with the children and show good table manners during meal times. Meal and snack times are organised so that they are social occasions in which children and staff participate in small groups. During meals and snack times children are encouraged to use their manners and say 'please' and 'thank you' and conversation is encouraged
- Staff use meal and snack times to help children to develop independence through making choices, serving food and drink, and feeding themselves
- Staff support children to make healthy choices and understand the need for healthy eating
- We provide foods from the diet of each of the children's cultural backgrounds, providing children with familiar foods and introducing them to new ones.
- Cultural differences in eating habits are respected
- Children who refuse to eat at the mealtime are offered food later in the day
- Children are given time to eat at their own pace and not rushed. Children are never forced to eat food at the setting
- Quantities offered take account of the ages of the children being catered for in line with recommended portion sizes for babies and young children. We follow the guidance outlined in the EYFS relating to nutrition in early years settings.
- We promote positive attitudes to healthy eating, and good oral hygiene, through play opportunities and discussions
- The nursery informs parents if children have not eaten whilst at the setting.
- No child is ever left alone when eating/drinking to minimise the risk of choking
- We will sometimes celebrate special occasions such as birthdays with the occasional treat of foods such as cake, sweets or biscuits. These will be given at mealtimes to prevent tooth decay and not spoil the child's appetite. Where we have frequent birthdays and celebrations we consider other alternatives such as celebrating through smiles and praise, stickers and badges, choosing a favourite story, becoming a special helper, playing a party game, dancing and/or singing their favourite song
- All staff who prepare and handle food are competent to do so and receive training in food hygiene which is updated every three years. Food is prepared in the setting, and in a way to ensure that it minimises the risk of choking. Any food brought in from home must be preapproved by the setting, and will be checked before being given to the child to ensure that it has been prepared in a way to minimise risk of choking. Any food brought in from home must follow the setting's healthy eating policy, lunchbox policy. Any food brought from home must be in a clearly labelled container.
- In the very unlikely event of any food poisoning affecting two or more children on the premises, whether or not this may arise from food offered at the nursery, we will inform

Ofsted as soon as reasonably practical and in all cases within 14 days. We will also inform the relevant health agencies and follow any advice given.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Parents and Carers as Partners

EYFS: 1.10, 3.27, 3.72, 3.73

At **Little Acorns Childcare** we believe that parents and staff need to work together in a close partnership in order for children to receive the quality of care and early learning to meet their individual needs. We welcome parents as partners and support a two-way sharing of information that helps establish trust and understanding. We are committed to supporting parents in an open and sensitive manner to include them as an integral part of the care and early learning team within the nursery.

The key person system supports engagement with all parents and will use strategies to ensure that all parents can contribute to their child's learning and development. Parents contribute to initial assessments of children's starting points on entry and they are kept well informed about their children's progress. Parents are encouraged to support and share information about their children's learning and development at home.

Our policy is to:

- Recognise and support parents as their child's first and most important educators and to welcome them into the life of the nursery
- Generate confidence and encourage parents to trust their own instincts and judgement regarding their own child
- Welcome all parents into the nursery at any time and provide an area where parents can speak confidentially with us as required
- Welcome nursing mothers. The nursery will make available a private area whenever needed to offer space and privacy to nursing mothers
- Ensure nursery documentation and communications are provided in different formats to suit each parent's needs, e.g. Braille, multi-lingual, electronic communications
- Ensure that all parents are aware of the nursery's policies and procedures. A detailed parent prospectus will be provided and our full policy documents will be available to parents at all times on the nursery website
- Maintain regular contact with parents to help us to build a secure and beneficial working relationship for their children
- Support parents in their own continuing education and personal development including helping them to develop their parenting skills and inform them of relevant conferences, workshops and training
- Create opportunities for parents to talk to other adults in a secure and supportive environment through such activities as open days, parents' evenings and a parents' forum
- Inform parents about the range and type of activities and experiences provided for children, the daily routines of the setting, the types of food and drinks provided for children and events through regularly distributed newsletters and the nursery website

- Operate a key person system to enable parents to establish a close, working relationship with a named practitioner and to support two-way information sharing about each child's individual needs both in nursery and at home. Parents are given the name of the key person of their child and their role when the child starts
- Inform parents on a regular basis about their child's progress and involve them in shared record keeping. Parents' evenings will be held at least twice a year. The nursery will consult with parents about the times of meetings to avoid excluding anyone
- Actively encourage parents to contribute to children's learning through sharing observations, interests and experiences from home. This may be verbally, sharing photographs or in written form
- Agree the best communication method with parents e.g. email, face-to-face, telephone and share information about the child's day, e.g. food eaten, activities, sleep times etc.
- Consider and discuss all suggestions from parents concerning the care and early learning of their child and nursery operation
- Provide opportunities and support for all parents to contribute their own skills, knowledge and interests to the activities of the nursery including signposting to relevant services, agencies and training opportunities
- Inform all parents of the systems for registering queries, compliments, complaints or suggestions, and to check that these systems are understood by parents
- Make sure all parents have access to our written complaints procedure
- Share information about the Early Years Foundation Stage, young children's learning in the nursery, how parents can further support learning at home and where they can access further information
- Provide a written contract between the parent(s) and the nursery regarding conditions of acceptance and arrangements for payment
- Respect the family's religious and cultural backgrounds and beliefs and accommodate any special requirements wherever possible and practical to do so
- Inform parents how the nursery supports children with special educational needs and disabilities
- Find out the needs and expectations of parents. We will do this through regular feedback via questionnaires, suggestion system and encouraging parents to review working practices. We will evaluate any responses and publish these for parents with an action plan to inform future, policy and staff development.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Complaints and Compliments

EYFS: 3.74, 3.75

At **Little Acorns Childcare** we believe that parents are entitled to expect courtesy and prompt, careful attention to their individual needs and wishes. We hope that at all times parents are happy with the service provided and we encourage parents to voice their appreciation to the staff concerned.

We record all compliments and share these with staff.

We welcome any suggestions from parents on how we can improve our services, and will give prompt and serious attention to any concerns that parents may have. Any concerns will be dealt with professionally and promptly to ensure that any issues arising from them are handled effectively and to ensure the welfare of all children, enable ongoing cooperative partnership with parents and to continually improve the quality of the nursery.

We have a formal procedure for dealing with complaints where we are not able to resolve a concern. Where any concern or complaint relates to child protection, we follow our Safeguarding/Child Protection Policy.

Internal complaints procedure

Stage 1

If any parent should have cause for concern or any queries regarding the care or early learning provided by the nursery, they should in the first instance take it up with the child's key person or a senior member of staff/room leader.

Stage 2

If the issue remains unresolved or parents feel they have received an unsatisfactory outcome, then they must present their concerns in writing as a formal complaint to the nursery manager. The manager will then investigate the complaint and report back to the parent within **five working days**. The manager will document the complaint fully and the actions taken in relation to it in the complaints log book.

Stage 3

If the matter is still not resolved, the nursery will hold a formal meeting between the manager, parent and a senior staff member to ensure that it is dealt with comprehensively. The nursery will make a record of the meeting and document any actions. All parties present at the meeting will review the accuracy of the record, and be asked to sign to agree it and receive a copy. This will signify the conclusion of the procedure.

Stage 4

If the matter cannot be resolved to their satisfaction, then parents have the right to raise the matter with Ofsted. Parents are made aware that they can contact Ofsted at any time they have a concern, including at all stages of the complaints procedure, and are given information on how to contact Ofsted. Ofsted is the registering authority for nurseries in England and investigates all complaints that suggest a provider may not be meeting the requirements of the nursery's registration. It risk assesses all complaints made and may visit the nursery to carry out a full inspection where it believes requirements are not met.

A record of complaints will be kept in the nursery. The record will include the name of the complainant, the nature of the complaint, date and time complaint received, action(s) taken, result of any investigations and any information given to the complainant including a dated response.

Parents will be able to access this record if they wish; however, all personal details relating to any complaint will be stored confidentially and will be only accessible by the parties involved. Ofsted inspectors will have access to this record at any time during visits to ensure actions have been met appropriately.

Contact details for Ofsted:

Email: enquiries@ofsted.gov.uk

Telephone: 0300 123 1231

By post:

Ofsted
Piccadilly Gate
Store Street
Manchester
M1 2WD

Parents will also be informed if the nursery becomes aware that they are going to be inspected and after inspection the nursery will provide a copy of the report to parents and/or carers of children attending on a regular basis.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Conflict Resolution with Parents and Aggressive Behaviour Policy

At **Little Acorns Childcare** we believe that we have a strong partnership with our parents and an open door policy to discuss any matters arising.

If as a parent you have any concerns or issues you wish to raise with the nursery then please follow the complaints procedure.

In the case of a parent emailing, calling or using social media to complain the nursery will direct them to the correct procedure for raising a complaint.

We have a zero tolerance on abusive calls, emails, social media contact and face to face confrontation.

Abusive Calls

The call taker receiving an abusive call will ask the caller to follow the complaints policy. If the abuse continues the call taker will end the call. Any abusive calls will be logged with an outline of the conversation.

Abusive Emails

The responder will ask the parents to come into the setting to speak in person, as per our complaints policy. If the emails persist the manager may seek legal action. All emails will be kept as evidence until the matter is resolved.

Social Media

If slanderous or abusive messages appear on any social media sites we will address these immediately with a request to follow our complaints procedure. We will endeavour to resolve any issue raised through our complaints procedure. If slanderous/abusive messages continue we will seek legal action against the complainant.

In the event that any person inside the nursery starts to act in an aggressive manner at the nursery, our policy is to:

- Direct the person away from the children and into a private area, such as the office (where appropriate)
- Ensure that a second member of staff is in attendance, where possible, whilst continuing to ensure the safe supervision of the children
- Remain calm and professional in order to calm the aggressive person, making it clear that we do not tolerate aggressive or abusive language or behaviour
- If the aggressive behaviour continues or escalates we will contact the police in order to ensure the safety of our staff team, children and families
- If the person calms down and stops the aggressive behaviour a member of staff will listen to their concerns and try to resolve the issue
- Following an aggressive confrontation an incident form will be completed detailing the time, reason and any action taken

- Any aggressive behaviour from a parent could result in the withdrawal of a place for the child/ren. Parents will be informed, by the management team in writing, within 3 days of any incident that involved aggressive or threatening behaviour to their staff
- Management will provide support and reassurance to any staff member involved in such an incident
- Management will signpost parents to organisations/professionals that can offer support if applicable.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Admissions

EYFS: 3.28, 3.57

At **Little Acorns Childcare** we care for roughly **40** children between the ages of **9 months** and **5 years**.

The numbers and ages of children admitted to the nursery comply with the legal space requirements set out in the Early Years Foundation Stage (EYFS). When considering admissions we are mindful of staff: child ratios and the facilities available at the nursery.

The nursery will use the following admission criteria which will be applied in the following order of priority:

1. Looked after children
2. A child known by the local authority to have special educational needs and/or a disability (SEND) and whose needs can be best met at the preferred nursery
3. A vulnerable child with either a Child Protection or a Child in Need Plan or Local Authority/Common Assessment Framework
4. Children who have siblings who are already with us
5. Children whose parents live within the area.

A child requiring a full-time place may have preference over one requiring a part-time place. This is dependent upon work commitments, occupancy and room availability.

We operate an inclusion and equality policy and ensure that all children have access to nursery places and services irrespective of their gender, race, disability, religion or belief or sexual orientation of parents.

Prior to a child attending nursery, parents must complete and sign a contract and registration form. These forms provide the nursery with personal details relating to the child. For example, name, date of birth, address, emergency contact details, parental responsibilities, dietary requirements, collection arrangements, fees and sessions, contact details for parents, doctor's contact details, health visitor contact details, allergies, parental consent and vaccinations etc.

This policy was adopted on	Signed on behalf of the nursery	Date for review
<i>Sept 2019</i>		<i>Jan 2028</i>

Arrivals and Departures

EYFS:3.7, 3.62

At **Little Acorns Childcare** we give a warm welcome to every child and family on their arrival.

Parents are requested to pass the care of their child to a specific member of staff who will ensure his/her safety. The staff member receiving the child immediately records his/her arrival in the daily attendance register.

If the parent requests the child is given medicine during the day the staff member must ensure that the medication procedure is followed.

If the child is to be collected by someone who is not the parent at the end of the session, there is an agreed procedure that must be followed to identify the designated person. Photo identification and/or a password are also required where possible for the designated adult. Parents are informed about these arrangements and reminded about them regularly.

The child's key person or other nominated staff member must plan the departure of the child. This should include opportunities to discuss the child's day with the parent, e.g. meals, sleep time, activities, interests, progress and friendships. The parent should be told about any accidents or incidents and the appropriate records must be signed by the parent before departure. Where applicable, all medicines should be recovered from the medicine box/fridge after the parent has arrived and handed to him/her personally. The medication policy is to be followed regarding parental signature.

The nursery will not release a child to anyone other than the known parent unless an agreement has been made at the time of arrival. In the case of any emergency such as a parent being delayed and arranging for a designated adult to collect a child, the parent should inform the designated person of the agreed procedure and contact the nursery about the arrangements as soon as possible. If in any doubt the nursery will check the person's identity by ringing the child's parent or their emergency contact number (please refer to the late collection policy).

On departure, the staff member releasing the child must mark the child register immediately marked to show that the child has left the premises.

Late Collection and Non-Collection

EYFS: 3.73

At **Little Acorns Childcare** we expect all parents to agree an approximate time to collect their child from the nursery. We give parents information about the procedures to follow if they expect to be late. These include:

- Agreeing a safety password with the nursery in advance to be used by anyone collecting a child who is not the parent (designated adult)
- Calling the nursery as soon as possible to advise of their situation
- Asking a designated adult to collect their child wherever possible
- Informing the nursery of this person's identity so the nursery can talk to the child if appropriate. This will help to reduce or eliminate any distress caused by this situation
- If the designated person is not known to the nursery staff, the parent must provide a detailed description of this person, including their date of birth where known. This designated person must know the individual child's safety password in order for the nursery to release the child into their care. This is the responsibility of the parent.

If a child has not been collected from the nursery after a reasonable amount of time has been allowed for lateness, we initiate the following procedure:

- The nursery manager will be informed that a child has not been collected
- The manager will check for any information regarding changes to normal routines, parents' work patterns or general information. If there is no information recorded, the manager will try to contact the parents on the telephone numbers provided for their mobile, home or work. If this fails the manager will try the emergency contacts shown on the child's records
- The manager/staff member in charge and one other member of staff must stay behind with the child (if outside normal operating hours). During normal operating times, the nursery will plan to meet required staff ratios. If the parents have still not collected the child, the manager will telephone all contact numbers available every 10 minutes until contact is made. These calls will be logged on a full incident record
- In the event of no contact being made after one hour has lapsed, the person in charge will ring the local authority children's social services emergency duty team
- The nursery will inform Ofsted as soon as convenient
- The two members of staff will remain in the building until suitable arrangements have been made for the collection of the child
- The child's welfare and needs will be met at all times and to minimise distress staff will distract, comfort and reassure the child during the process
- In order to provide this additional care a late fee of will be charged to parents. This will pay for any additional operational costs that caring for a child outside their normal nursery hours may incur.

Incident Form

Date			
Who was involved in the incident? (Please circle)	Child	Adult	Member of staff
Name			
Date of birth			
Date of incident			
Time of incident			
Place incident occurred			
Explain fully the events leading up to the incident and the incident			
Witnessed by			
Is there anything we could do to prevent this happening again?			
Staff signature			
Manager signature			
Parents' comments			
Parent signature & print name			

Medication Form

Name		Date of birth	
Room/age group			
Reason for medication			
Prescribed by Prescription medicines will only be given if prescribed by a doctor, dentist, nurse or pharmacist			
Name of medication (including brand if non-prescription)			
Exact dosage required (checked against instructions on medication)			
Any specific requirements (e.g. before/after food, known side effects)			
Prior parental permission			
Date of medication required (or dates if multiple)			
Mon	Tues	Wed	Fri
Time(s) of medication required			
Mon	Tues	Wed	Fri
Time (and date) of last dose			
Mon	Tues	Wed	Fri
Given by			
Mon	Tues	Wed	Fri
Witnessed by			
Mon	Tues	Wed	Fri

Parental signature				
Mon	Tues	Wed	Thurs	Fri
Times given (attach separate numbered sheet and if long-term medication required)				

The law requires parental permission to give any medication (prescription or non-prescription) to children (EYFS paragraph 3.46). We use this form to gain permission for each new medicine parents wish us to administer but not for each time that medication is given. Instead we follow the instructions on this form regarding the circumstances in which the medication is to be given and the dose to be given. We always inform parents at the end of each day, when reasonably practical to do so, of any medication administered in line with our policy and procedures for administering medicines.

Public Interest Disclosure Policy (Whistle Blowing Policy)

We encourage an open culture in all our dealings. Effective and honest communication is essential if malpractice is to be effectively dealt with. The procedure below provides guidelines to all our employees, casual/temporary agency staff, freelancers, trainees, home workers and contractors who feel they need to raise certain issues in confidence.

Should you wish to raise legitimate concerns about specified matters, you are protected as an employee from being dismissed by us or being subjected to detrimental treatment or being victimised, provided certain criteria are met. Certain kinds of disclosures qualify for protection, and these are set out below. These are disclosures of information which you reasonably believe are made in the public interest. They tend to show one or more of the following relevant failures is either happening now, took place in the past, or is likely to happen in the future:

- A criminal offence has been committed including offences such as theft, fraud or acts of bribery.

- A person has failed, is failing, or is likely to fail to comply with a legal obligation which they are subject to.
- A miscarriage of justice.
- A danger to health and safety of any individual.
- Damage to the environment.
- Deliberate covering up of information tending to show any of the above five matters.

The procedure is not a substitute for the Disciplinary and Grievance policy and is not a channel for you to raise matters in relation to your terms and conditions of employment. The procedure allows you to have your concerns treated in confidence.

Your protection

If you raise a genuine concern, you will not be at risk of damaging your position as a result. Provided you are acting in the public interest it does not matter whether or not your concern proves to be well founded. You must however make your complaint to the right person and in the right way as detailed in this Policy. We do not extend this assurance to someone who acts from an improper motive and raises a matter they know to be untrue.

Your confidence

We will not tolerate the victimisation of anyone raising a genuine concern and anyone responsible for such conduct will be subject to disciplinary action. You may decide that you want to raise a concern in confidence. Therefore, if you ask for your identity to be protected, it will not be disclosed without your agreement. If a situation arises where it is not possible to deal with the concern without revealing your identity (for instance, because your evidence is needed in court or a disciplinary hearing), there will be a discussion as to whether and how we can proceed. This policy does not cover the situation where information about malpractice is received anonymously. However, discretion will be used in the investigation of such information.

How to raise your concern

Stage 1: Internal line management

If you have a concern about malpractice, we hope you will feel able to raise it first with your line manager or a more senior manager. This should be done in writing. It will help if you state the facts of the matter clearly. You can outline how you would like it to be investigated. If you have a direct or personal interest in the matter, you should also tell us at this stage.

Stage 2: Alternative contacts

If you feel unable to raise the matter with someone in your line management, for whatever reason, please speak to a Director.

If you want to raise the matter in confidence, we will ensure that practical measures are put in place to protect your identity. We will contact you by the most secure means. We will not disclose your identity without your agreement, unless we are required to do so by law.

Once you have reported your concern, we will look into it to assess what action should be taken initially. If your concern falls more appropriately within other policies, we will tell you. A manager will be asked to carry out the investigation.

The disclosure will be treated seriously and promptly investigated. As part of the process the worker will be interviewed and asked to provide a written statement.

Once we have finalised the investigation, any necessary action will be taken.

While the purpose of this policy is to enable us to investigate possible malpractice and take appropriate steps to deal with it, we will give you as much feedback as we properly can. If requested, we will confirm our response to you in writing. Please note, however, that we may not be able to tell you the precise action we take where this would infringe a duty of confidentiality owed by us to someone else.

If you are dissatisfied

If you are unhappy with our response, you may then go to the proper authority. However, we do ask that matters are reported to us in the first instance. While we cannot guarantee that we will respond to all matters in the way that you might wish, the matter will be handled fairly and properly. By using this policy, you will help us to achieve this.

Environmental Sustainability Policy for Little Acorns Childcare

Introduction

At Little Acorns Childcare, we are committed to promoting environmental sustainability and fostering in children a deep respect and care for living and non-living environments.

We recognise that it is our responsibility to future generations and we aim to minimise our environmental impact whilst educating children about sustainable practices.

This policy outlines our approach to environmental sustainability, both in our curriculum and our operational practices, aligning with the Early Years Foundation Stage (EYFS) Framework and Ofsted Requirements.

Legal Framework and Guidance

This policy has been developed with consideration of:

- Early Years Foundation Stage (EYFS) Framework
- Environmental Protection Act 1990
- Climate Change Act 2008

- Waste Regulations 2011
- UN Sustainable Development Goals
 - Ofsted's Education Inspection Framework

Aims and Objectives

Through this policy, we aim to:

- Provide children with opportunities to learn about and connect with the natural world
- Develop children's understanding of environmental issues and sustainable practices
- Reduce our nursery's environmental footprint
 - Role model sustainable behaviours and attitudes
- Create an environmentally conscious culture among children, staff, and families
- Support children's understanding of the interdependence between people and the environment

Educational Approach

We promote a holistic, open-ended curriculum which explores ideas and practices for environmental sustainability by: connecting with nature, helping children to explore nature through art, play, and sensory experiences, going on regular nature walks and learning about plants and wildlife in the local area. We also creating opportunities for outdoor learning at the Station Masters Garden, and local community.

We support children in experiencing the natural environment through natural materials like wood, stone, sand, and recycled materials and we discuss habitats and nature systems in an age appropriate way.

We teach the children how to grow and nurture plants in the nursery, and the Station Masters garden. We have a vegetable patch where we grow vegetables, and this is an excellent learning experience for the children. This assists in learning about the food cycle, where food comes from and what to do with food waste.

From a young age we help the children to learn about water conservation, energy efficiency, and waste reduction through play-based activities and adult interactions, such as having special helpers for turning off lights.

We aim to teach the children about the concepts of reducing, reusing, and recycling through practical activities, and we encourage parents to discuss also.

Operational Sustainability Practices

As a nursery, we will embed sustainability into all aspects of our operations including:

- Implementing a comprehensive recycling system with clearly labelled bins
- Recycling materials for art and creative activities and encouraging parents to bring in their recycling materials for the same use
- Ensuring parents recycle children's take-home recycled material models if they do not keep them
- Composting food waste and using it in our garden
- Reducing single-use plastics throughout the nursery
- Carefully monitoring our waste output and setting reduction targets
- Energy Conservation
 - Turning off equipment and lights when not in use
 - Not leaving any equipment on standby

- Considering renewable energy options where feasible

Water Conservation

- Incorporating water-wise strategies such as ensuring taps are turned off promptly
 - Installing water-saving devices where appropriate
- Teaching children about the importance of water conservation

Sustainable Procurement

- Considering our carbon footprint when purchasing materials
- Shopping local where possible to reduce transportation emissions
- Choosing eco-friendly cleaning and art supplies when available
- Using suppliers with strong environmental credentials
- Purchasing products with minimal packaging
- Sourcing sustainable food options for nursery meals

Food Sustainability

- Using food that we have grown in nursery snacks and activities
 - Reducing food waste through careful meal planning
 - Choosing seasonal and locally sourced food where possible
- Learning about food origins and sustainable food production

Climate Change and Global Impact

We recognize that our activities contribute to broader environmental challenges, including:

- Global warming and climate change through greenhouse gases emitted by burning fossil fuels
- Pollution of air, land, and water
- Loss of forests, soils, fish stocks, and other resources through unsustainable harvesting

We commit to continually improving our practices to address these challenges by: assessing our nursery's environmental impact on a regular basis and setting annual environmental targets and monitoring progress. The management team will stay informed about environmental best practices and attend any relevant training. We will set targets and monitor progress, and make any necessary changes.

Staff will role model sustainable behaviours to children and participate in any relevant training. Activities will include education around sustainability and climate change. We will promote a care for the natural world and love for the planet. Information will also be passed to parents/carers where necessary.

We will assess our nursery's environmental impact annually, review this policy annually to ensure it reflects current best practices and monitor our progress against environmental targets. We will also gather feedback from staff, children, and parents on environmental initiatives.

Partnership Working

Working together with all our parents and carers will help our environment to be more sustainable and make it a better place for our future generations to grow up in.

We will:

- Engage with local environmental organizations and initiatives
- Participate in community environmental projects
- Collaborate with parents on sustainability initiatives

Conclusion

Little Acorns Childcare is committed to improving the quality of life of both the local and wider community now and in the future. Our policy recognizes that quality of life in the longer term is dependent on the health and quality of the local and global environment. Through our educational approach and operational practices, we aim to contribute to a more sustainable future for all.
